Von Miss Irene Clearmont : A Cruel Divorce: An ADULT Tale of Female Domination (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised A Cruel Divorce: An ADULT Tale of Female Domination (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. cruel but unkind femdomVon twoheartsA new novel from Miss Irene Clearmont is an excellent start into the new year for submissive guy.Miss Clearmont really knows how to tell a good story with a lot of cruel but hot femdom action. In this story, I really enjoyed that there are no women on the receiving end of the whip. The only victim is one man, who gets tricked, humiliated and locked into a chastity device by his smart wife. In this story all women are dominant.

Readers, please note that Miss Clearmonts dominant women are very, very cruel, even evil, not benelovent female rulers. Read this story only if you want to enjoy a fantasy about sexy, clever, cruel but unkind Mistresses. But if you like that kind of story, like I do, this is a novel for your taste.
