**Von Nyrae Dawn : A Hundred Thousand Words (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised A Hundred Thousand Words (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Living like we want to..Von -KundeWow, that's a great romantic love story, without being cheesy! I love the storyline and how this imagination of a golden boy turns out to be a human after all. That is so real and keeps you wondering how life looks from other ppl's perspective.At times, p.e. when Toby tells us about what he talked about with Levi without it being direct speech, it feels a little distant. Like a summary. But I guess that's simple real life for me. Otherwise I

probably would have been bored. It's great that they -Toby, Levi and their families, even Dr Baxter potentially- got their happy ending without it being an ending at all. More like a happy future! Love it! Thank you so much! 0 von 0 Kunden fanden die folgende Rezension hilfreich. Besonders... Von TinTenHertzMir hat bisher jedes Buch von Nyrae Dawn gefallen (hatte bisher nur die deutschen gelesen) - und auch dieses ist wieder außergewöhnlich, emotional packend und stimmig von den Figuren und der Handlung her. Klare Kaufempfehlung! 0 von 0 Kunden fanden die folgende Rezension hilfreich. Loved it! Von CustomerI loved how they worked everything out and that words are not always this easy as they seem how after one accident everything is being revealed! Sad but sometimes something Bad Happening is needed to appreciate each other!

**Kurzbeschreibung** Tobias Jackson grew up in Coburn, a town where the gay population equaled exactly one: him. Add that to the fact that his dream guy was his best friend's jerky older brother Levi Baxter, and it made hooking up virtually impossible. Now home from college for winter break, Toby is a different person. He left Coburn for San Francisco, where he wasn't the lone gay guy and the only black kid in town. And yeah, he took advantage of what the city had to offer. Apparently Toby isn't the only one who's changed. Levi's not acting like the self-centered guy with all the answers that Toby remembers from growing up. Oh and Levi realized he's bisexual, which makes things a lot more interesting. Heading back to college, Toby doesn't expect to meet up with Levi again, despite him being in med school not far away. A surprise visit from Levi blows that assumption out of the water. As they spend more time together Toby sees Levi as more than just the fantasy. He's complicated, unsure he's real. But if Toby can't get out of the past and find the words he keeps locked inside himself, he'll lose his chance at Levi for good. **New Adult Romance**
