I was really excited for "A perfect life" because its a bit different with her daughter being blind and such. Honestly the story is all right. I also like the characters, especially the strong female lead as well as the daughter.BUT, I just don't like it when medical facts

aren't thoroughly checked. Maybe its because I work in the medical field, but that really annoys me so much....so I couldn't get into it.0 von 0 Kunden fanden die folgende Rezension hilfreich.
