Tiger Protectors ***for all books 1-3*** Von MicLoved this trilogy ! Well, I love books with shifter stories and when these stories include alpha male main characters, brave female characters and an explosive sexy, hot chemistry between them--EVEN BETTER :) And these three books have it all. Three brothers, three absolute alpha males, protective, possessive and caring male versions, of swoon worthy and steaming hot bodies, that will burn into you. All three characters have their perfect match and their stories are absolutely adventures, sparkling, intense and thrilling. I loved everything about it... I gave only 4 stars, because the stories were too short and therefore sometimes too rushed, when I would have liked it a little bit more detailed. But still three great books... OH and the perfect special touch even gives the dragon shifters ! Delicious perfect and intriguing !!! And even better !!! With book three comes a free complete book about a dragon story. And just so that you know it is freaking HOT... amazing !

Kurzbeschreibung This sexy tiger detective is about to get a clue... Carter Cunningham is all work and no play. As a rare tiger shifter working undercover as a detective, he has a lot of people to protect and no time to think about something like finding a mate. Even though he can't afford to get distracted, his tiger can't help but take notice when he's assigned a sexy new partner, one with curves that kill and dangerous secrets that make the protective tiger in him sit up and growl. Amy Cassidy doesn't have time for workplace romance, but tell that to her body, which thinks that tall, dark and handsome Carter Cunningham is the hottest thing she's ever seen. She needs to be working on solving the most important case of her life, but every time she looks into Carter's serious, stunning green eyes, she gets completely distracted. And when she finds herself in danger, she'll realize that there's no one better than a tiger to have on your side. As close quarters force Carter and Amy closer together during a dangerous case, what starts as a heated fling soon comes to mean much more. But with both of them keeping secrets, and Amy's past quickly threatening to catch up, is there any hope for a happily ever after? Kurzbeschreibung This sexy tiger detective is about to get a clue...
