awesome, such a deep story, it's a keeper  
Von Birgit Wahl  
This story has tragic and fun and all between. I thought wtf when Corbin stood up Mae, I wept when Corbin thought Mae was dead and did the same when Mae broke down when she thought Corbin wont make it, I laught when I read the scenes with Striker. I so love Corbin's meddling mother. I don't want to spoil but I think Corbin met his mate Mae at her birth which was tragic too cause her mother died, she had a connection with Corbin cause he helped bring her into the world but since he is an immortal and an Op he couldn't raise her so he had to cut the strings and then he saw her around 20 years later but he had to leave without meeting her, he went on an Op and she got abducted which he found out later. He went on the warpath so to speak after he saw her picture and connected her with the scent he smelled and the woman he saw when he was on the way to an arranged blind date 2 weeks earlier. I wont spill the beans but only so much this book I rated , it is a keeper, re-read worthy in an Immortal Ops marathon, it has twists and surprise and the plot and the way to the HEA not figured out fast just like I love my reads.  
This is an honest review cause I bought my copy.

Destination: Book Four of Four  
Author: Mandy Roth  
Reviewer: Ingrid Stephanie Jordan  
Genre: #Paranormal #LionShifter  
My Score: 5 Stars  
This is just another phenomenal book forth of the four book series. Again Ms. Roth pulled it off as she always does, each page is a testimony to her expertise as a writer. Yes, I do recommend this 351 page Must Read Book, believe me you can't put it down, you just fly through the pages.  
Mae Bertelot, mother's friend wants her son to go on a blind date and Mae's mother wants her to go too. What a waste of time neither wants to go on a blind date. Waiting for over a hour Mae is so mad at the douchbag she doesn't see the men who kidnap and drug her. Going in and out, never staying awake for a long period of time, she tries to figure out where is she.  
Captain Corbin Jones is a Lion Shifter and head of his Paranormal Agency. Corbin is used to being in command of his men. But today he is meeting a University Student as a blind date his mother set up. While walking to meet Mae his smells and see's a work of Art with two legs. Having to leave before he sees her, he takes on a mission. Two weeks later he finds out that he was kidnapped and they are trained to pinpoint where she is. The more he looks at her picture he realized who she is to him he has to find her NOW !!  
There Will Be Blood!  
Without a doubt you need to read this book it is fantastic I was gifted this ARC for an honest and truthful review.

Mae wasnt looking for love and certainly didnt want to go on a blind date. When shes stood up and grabbed instead by madmen who want to use her to breed other supernaturals, shes not sure who to trust. Not even when the very same man shes been fantasizing about is deposited next to her. Fateand her own supernatural hormoneswont be denied, and she finds she cant control the desire burning through her. The only problem is, her fantasy man, the very man who came to rescue her, is now a prisoner too.
