Von Con Riley : Aiden's Luck (Seattle Stories Book 3) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Aiden's Luck (Seattle Stories Book 3) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. A bit too jumpy in the story lineVon Sunnel'm not sure I can explain why I "just liked it".Both previous books (After Ben and Saving Sean) had been great and I had enjoyed the conflicts, the "not clean but twisted stories".This time...I couldn't get into it so much. I mean, Marco is a doll and adorable but I seriously couldn't understand what he saw in Aiden.

Aiden is a guy who carries the problems of the whole world and he is drowning. But instead of opening up at first he takes more and more and gets grumpier and grumpier. I didn't like him. It gets better. He gets better and in the end I liked him just fine. What irritated me to the point that I "just like" the book is the cummulation of problems, some of them adressed and then forgotten, some solved later but drawn out for days before that. For example: Aiden struggles financially (earning money is at this point his major concern to support his mom and brother), Theo looks over his accounting and wants to talk to him....but they never talk about it in the end. No tips from Theo, no expalinations what he had found and suggests...Or...Evan calls because Aiden didn't answer his mom's calls and asks him to prevent their mother from coming over because his boyfriend just came home. Instead from calling immediately he talks to Marco and takes his time before calling her. These are just examples of problems mentioned, addressed, arisen between the characters but then....left hanging or addressed later. And that kind of made me giddy. Additionally the author hinted at informations like why their adoptive dad killed himself or what they found out about Aiden's birth father and then made us wait for a while. I have nothing against a bit suspense but combined with the whole other mess I had the feeling that really nothing was solved or explained the moment it happened. Still - I liked the book because I liked most of the characters (Marco is adorable) and the writing is really good.

KurzbeschreibungSeattle Stories: Book Three House-sitting for a friend is supposed to be a lucky break for Aiden Daly. Discovering his new housemate is the image of his first crush turns it into a nightmare. Marco de Luca is obviously interested in being more than housemates, but his resemblance to Aiden's ideal man seems only skin-deep. Besides, Aiden doesn't date. Since his adoptive father's suicide, Aiden's first priority has been supporting his remaining family and shielding them from the truth of their financial situation. Deeply concerned for his mother's mental health, Aiden remains closeted and lonely, convinced that bad luck is the only luck he'll ever have. As if the pressure of keeping his father's financial secrets weren't enough to handle, Aiden's birth father makes contact, sending Aiden's anxieties spiraling out of control. But it's a crisis at work that finally brings Aiden to his breaking point. Accepting support from Marco is a gamble, but it could be just what Aiden needs to turn his luck around.
