KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich. 5 'we need a freaking brilliant amazing rating' stars!!!!Von CassandraIf you have read Ella Frank's Temptation series you know how hot she makes M/M. Now add some hot vampires with this mindf\*\*\*ing feature, sharp teeth and ever

present lust to it - BBBOOOOOOOOMMMM!!!!Read this book in an icebucket or your freezer! Like, really do it!!!You thought she got all the hot gay stuff covered with Logan and Tate, but damn does she throws in something (\*coughs\* someone \*coughs\*) in the mix and it's taking a new dimension...like literally! lolThe first real meeting between Alasdair and Leo nearly ends deadly. Alasdair's been attracted to Leo for two weeks. But then attracted doesn't cover it. Leo has a pull on him he can't understand. And after his taste of his obsession, there are more questions than answers.Leo has no idea what is going on. Working as an Ancient Greek specialist, he's more curious than afraid when he finds out who Alasdair is.These two are so hot together that your reading device or the book might caught fire. Your panties will disappear like nothing. And if everything wouldn't be hot enough already, she throws in some Greek. (You will understand when you read the book.)When death threads appear for Alasdair, his cousins and their respective sires, things get more and more complicated. The question of who really his friend and who is enemy threatens to kill everything and everyone involve. Things happen that you might not have expected.The story has you captivated and on the edge til the end...and then some. So be warned that this has a cliffhanger.Ella Frank draws you in from the start. Not only has she created some hot main characters, male and female alike, but also some bad guys that might get you even hotter. And then the question is...are they really that bad? You get a feeling for them, you feel like you would be right there next to them. You want to be the voyeur watching their every move, feel every single feeling, every little touch.But on the other side Ella Frank reveals an evil strike that reminds me to always always stay on her good side. Because...uh uh, I don't want to feel her wrath like ever!Her writing is very graphic in every scene. It feels so real. Also so when she's pulling this evil side. You wince in pain and you squirm in heat. And yet, at the end of the book, she will be having you on your knees, begging for more of everything. Fortunately we won't have to wait that long for the next book.Highly recommend it! Definitely a MUST-READ and in the top awesome reads this year!!!
