Best book yet in the Alpha YA series and Tessa learns more about her witch heritage than she ever wanted toVon MinaNote: this is the 3rd installment in a series and the books each share a strong overall story arc. If you're new to the

Alpha series, I recommend to start with *Becoming Alpha*. Review This really is the best installment [yet]. Breathtaking, emotionally gripping and with a cool showdown. *Alpha Divided* starts a view days after the end of the last book: Tessa and Dastien are to be officially mated in the full moon ceremony and there still is the Tribunal looming just a few days ahead. Even if the one to call in the Tribunal, the one to accuse Tessa and Dastien, is a known traitor the pack, they have to go through with it. And no, things do not go smoothly. The witches, lead by crazed Lucinda, disturb both ceremonies and succeed in getting Tessa to postpone her mating ceremony and spend a month with the coven. And no, that does not go well and the problems that arise for the wolves and the rest of the world even, are a great lot more dire than Tessa or any of her friends and allies knew. To makes things worse, Lucinda has some disgusting, but sadly very effective tricks up her sleeve to make things pretty hard for Tessa. So, this is what I can tell about the plot without spoiling it all. Usually I don't take kindly to continuous obstacles coming between the protagonists and maybe the events in this book could be taken that way. But I have to admit that it did feel logical for the coven to act like they did and it also felt what Tessa would do is to try to prevent bloodshed. So no, I did not feel annoyed, at all. Actually I liked that Tessa was out of her depth at times, because she had become this ber-hero, coming from zero to hero in like days. So it was a good thing that she this time has to act and keep it together, although her securities are gone; her character gains from it. I missed the guys from her pack, since she spends a lot of time at the witches' compound and her cousins are still too little known to be real people to me. They have problems and are in a dire spot, but they still feel less defined than Tessa's pack mates or family. But I guess, the next installment will remedy that since it's told from Claudia's POV. This is a pretty cool addition to the series and the outlook given on Tessa's future is exciting and makes me look forward to reading on. 0 von 0 Kunden fanden die folgende Rezension hilfreich. A whole series to wolf out on! Von Newbee I can only repeat what I've written in my reviews of the first two novels in this series. Super character development. You know great characters when even after you tear yourself away from the book the characters stay in your thoughts for hours after! Well done. Can't wait to see how the story continues. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Keep up the great work Von Patricia Naumann Tan Loved all the books from this series... Keep up the great work! I am mesmerized by the story till now

Kurzbeschreibung Life has been crazy since Tessa McCaide moved to Texas. Shes gone from being a normal-ish girl with visions to a super-powered werewolf. Shes fought off vampires and broken a nearly unbreakable curse. And shes got a hot mate, Dastien Laurent, to keep her busy. Things are looking up until the full moon ceremony rolls around. Before Tessa can strengthen her bond with Dastien, the local coven crashes the gates, demanding that Tessa their heir apparent be returned. If the pack wants to avoid a war with the witches, handing Tessa over is the only option. Tessa doesnt want to cause an all-out fight, but joining a dark-magic coven isnt on her to-do list, especially if embracing her magic side means parting with Dastien. When the coven leader tries to control Tessa with dark-magic, Tessa realizes she has to dismantle the coven or prepare the pack for war. Either choice will change her life and her world forever. THE ALPHA GIRL SERIES 1. BECOMING ALPHA 2. AVOIDING ALPHA 3. ALPHA DIVIDED 4. BRUJA 5. ALPHA UNLEASHED 6. SHATTERED PACK 7. BEING ALPHA -- Releases February 13, 2018 So I must say, this novel is, without a doubt, wonderful. I felt like an excited Jennifer Lawrence. Happy, giddy, and slightly insane.
