Finn Has A Secret No One Can Know?Von Ingrid Stephanie JordanTitle : An Alpha's Choice Book 2 A Talon Pack NovelAuthor : Carrie Ann RyanReviewed by : Stephanie Jordan Ms. Ryan has written another hit seriesThe Talon Pack. What's incredible you will see Ms. Ryan let the Redwood Pack characters come to life in The Talon Pack.For

me this was AWESOME cause of my love of many in the Redwood Pack. Life was different for the Talon Pack, human knew where they lived and that they were wolves. But they didn't know about all the other Packs or there location. Brynn Brentwood, sister of the Talon Pack's Alpha and the Dominant Female in the Pack has a secret no one knows about and they can't know, it's to embarrassing. You see she found her mate her wolf acknowledged it but he didn't acknowledge Brynn. He's from another Pack and want nothing to do with Brynn. Finn Jamenson, Heir to the Redwood Pack was Kade and Melanie first born. Baby Finn was held by a demon, who intentionally broke every bone in his body so when the healer, Hannah started knitting all his bone back together something was off and Finn's wolf who was alive and still there would not talk to Finn again. Because this was just another secret being kept no one knew his wolf had problems. It's like the domino effect no one knew so no one could help consequently his wolf never told him that he was always with his mate. I was gifted this ARC for an honest and truthful review.

KurzbeschreibungThe Bestselling Redwood Pack continues with the Talon Pack series. A Broken Wolf. A Fractured Bond. A Fate Denied. Brynn Brentwood has spent the whole of her life protecting the Talon Pack through terrors only she will ever know. She's never asked for more in life other than to live to take her next breath and to ensure her family is safe. Regardless of her selfless wishes and the atrocities the former Alpha committed, she has always known that fate would provide for her as it had countless others. Fate is what has carried her through with one exception upon meeting the one wolf who could be hers, he doesn't feel their bond. Finn Jamenson has been broken more than once, left beaten and half dead and that was before he was an adult and Heir of the Redwood Pack. When called upon to work with their allies, the Talons, he finds himself intrigued with a woman who his wolf doesn't claim as his own. Though he knows there could be something there, he refuses to tempt himself with a wolf who could never be his when his own mate could be waiting for him. The world changed in a blink of time and now the two wolves must fight as one ignoring the burning temptation between them when their people are threatened. With one wrong move, their homes could be destroyed and it's up to Finn and Brynn to save them all if only they could save themselves.
