In most romantic comedy movies the whole audience is joined in rooting for the star-crossed lovers; pulling for them to find each other and get together. In "An

Ordinary Joe", Cincinnati's radio-listening public is similarly pulling together for an anonymous blog writer and his unidentified soul mate. That premise alone would make for an enjoyable book or movie. But added to that, the story is also about a man who is determined to fight his cancer and fill whatever time he has left with as much life and joy as he can. If you want to be inspired by a flood of good vibes, along with funny dialogue and a surprise ending, you'll want to download this one and buy copies for your friends. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Uplifting and sweet romantic comedy Von Adrian L. This is a beautiful and uplifting romantic story about an ordinary Joe - a cancer patient who refuses to let life pulls him down, despite his condition. Living life to the fullest while undergoing cancer treatment, we catch a glimpse of Joe's positive outlook in life and his falling in love with this mysterious and beautiful girl - Jenni. Thumbs up to this heartfelt and uplifting romantic story. When life gives you a lemon, turn it into lemonade. 0 von 0 Kunden fanden die folgende Rezension hilfreich. My wife is gonna love this book so did I! Von B Nelson This was such a fun book, I kept thinking, my wife is gonna love this. She's reading it next, but first I had to finish reading it. I needed to know what happens . . . does Joe get the girl? What a great premise and I hope someone makes this into a movie one day. I was casting the characters as I read. Fun, laughs, great story. Highly recommended 5-easy stars!

Kurzbeschreibung Andy Scott's first novel endears us to a cast of characters that are both funny and flawed, and leads us on a breathtaking roller coaster ride of the emotions. An Ordinary Joe follows the exploits of an anonymous cancer patient who is given a last shot at life when he is offered a place on an experimental drug treatment. Told to write a blog of his experiences this lovable story follows his unexpected journey from nobody to radio personality. A light hearted romcom / chick lit novel by International Best Selling author - Andy Scott Imagine seeing someone perfect and falling head over heels in love. Now imagine not knowing who she is? That's Joe's dilemma when he sees Jenni at a baseball game but with no way to contact her, will Joe ever get to meet Jenni? After being diagnosed with terminal cancer, Joe is given a second chance at life when he is selected to participate in an experimental drug study. Filled with renewed hope he embarks on an adventurous Bucket List, documenting every madcap goal in his daily blog, determined to live his life, whatever the outcome of the drug program. Unbeknownst to Joe, he is turned into a radio heartthrob when Cincinnati DJ, Vince Storme builds a show around Joe's anonymous blog, so when Joe falls head over heels in love with Jenni, the whole of Cincinnati are listening to find out what happens. Although completely stricken with her there's just one catch. He doesn't know who she is and no one knows Joe's true identity. Can Joe find true love? This fast paced romantic comedy is a light hearted look at life, death, love and happiness. A laugh out loud chick lit / contemporary romantic novel written in an easy page turning style that will keep you up long past bedtime. If you love a good romcom you will love An Ordinary Joe.
