book and I loved it. Then I read the second one and hated it so much that I could not get it out of my mind for days. Fortunately, my bad feelings faded after some months and so I decided to give this last one a try. I was not expecting much, but I was curious how the author would get out of the cancer+pregnancy number. So well, that's what this book is about. And all of it is really intense! But not in a good way. There was too much drama, too much bad stuff. I did not ask for having to go through chemotherapy with Mia. I did not ask for being a witness to both Mia's and Adam's guilt trips. And even though they got the best possible HEA, all of this left me with a bad feeling again. I wish I would have stopped with book one. I wish there would have been a warning like "Don't read the sequels if you are looking for entertainment". Because entertaining this was NOT. There was a lot of pain, a lot of awkward situations, difficult conversations and artificial problems. A lot of stuff I did not want to read about. And again, it was dragged out for so long. I felt like the author came up with additional complications just in order to fill another book. And I could not relate to this at all! Mia is going through chemo, fighting for her life, but all she thinks of is getting laid by Adam. And he, for some reason, does not want to go there, keeps telling her she is not ready. Repeatedly. It was agonizing and undignified. And it got boring after a while....really boring. I felt like the author was trying to play me for a fool. Because I did not buy this. And I did not like it.

 Von MiaowMiaow mit dem 3 ten Band der Gamings Serie schliet Brenna Aubrey die Serie ab, It jedoch Raum um fortzufahren. Bisher nur auf Englisch erschienen, hofft sie jedoch das Buch auch in Deutsch erscheinen zu lassen. Mia und Adams gemeinsame Reise von at any price, ber at any time zu at any moment ist ein Auf und Ab. Ein Lachen und Weinen mit teils unerwarteten Wendungen. Ich freue mich auf weitere Bcher dieser frischen jungen independent Autorin

 Von reader Das dritte Buch beginnt mit groen Problemen, Mia ist schwanger und muss ihren Krebs mit einer Chemo bekmpfen. Ich konnte ihre Skrupel bezglich einer Abtreibung nicht ganz verstehen, sie ist doch schlielich Wissenschaftlerin und bei 85% Risiko die Schwangerschaft zu berleben, wie kann man da noch zgern. Kind austragen, dann sterben, und das Kind mit nur einem Elternteil aufwachsen lassen, sollte sie dem Kind nach ihren Erfahrungen nicht zumuten. Das Thema " Eierstcke bez. Eier einfrieren" hier aus medizinischen Grnden kam zur gleichen Zeit wie das "social freezing" von Google etc. Es regte in meinem Freundeskreis viele Diskussionen an. Die langatmige Beschreibung der ganzen Chemotherapie stand ganz im Gegensatz zu der Leichtigkeit der beiden anderen Bcher. Es wurde sehr gut beschrieben, aber fr eine romantische Komdie doch etwas zu lang. Ich schliee mich der Meinung anderer Rezensenten an, Chemo etwas krzzer, dafr mehr ber ihre Jahre in der Medschool. Dort gab es doch bestimmt auch Probleme, die man htte behandeln knnen. Whrend man in Band 2 Mia laufend "in den Hintern" treten mchte fr ihr egoistisches Verhalten, ist es hier Adam. Sehr schn ist der POV Wechsel, so bekommt man als Leser alle Standpunkte mit. 3,5 Punkte, aufgerundet auf vier fr den verschlnlichen Epilog.

Kurzbeschreibung It's Dangerous to Go Alone! Mia Strong never expected to be deciding the rest of her life at age twenty-two. Is she willing to become a human lab rat? Does she need to write a will? Does she ever want a family--and if so, with whom? She can't dodge the tough questions--not if she plans to live to see twenty-three. With her life hanging in the balance, Mia wants nothing more than to rely on Adam Drake, but he's hurt her before. You Must Gather Your Party Before Venturing Forth... Adam Drake knows that he's made mistakes, but when he discovers what Mia's facing, he realizes how much those mistakes could cost him. Now he has to choose between being the man who can save Mia's life or the man she can love. No matter how much it tears him apart, Adam knows he has to put Mia first...even if it means he's out of the picture entirely. Will their love survive this epic battle or is it game over? This novel is the third book in Adam and Mia's trilogy, but they will be featured in future Gaming the System novels. Their fourth book, Worth Any Cost is available now.
