Von Brenna Aubrey : At Any Turn: (Adam Mia #2) (Gaming The System) (English Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised At Any Turn: (Adam Mia #2) (Gaming The System) (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 2 von 2 Kunden fanden die folgende Rezension hilfreich. There is no romance in this book, just a lot of pain.... Von Daniela I am very disappointed in this book. Reading it made me feel

angry and depressed. It was almost painful for me to see how Mia and Adam are unable to trust and forgive each other. They either fight or spend their time together in silence. There is no romance between them, no love. All the struggle in this book could have been averted by ONE honest conversation which never takes place. And about Mia's problem: I get it that this book has to be some filler between the first and the last one but dragging this out for so long is just cruel! A whole book about a girl who is sick and does not tell her boyfriend nor her mother! And neither of them confronts her, like: Hey, listen, you look sick, tell me what's going on! Adam had her investigated once. Why didn't he do it again to find out? And don't even get me started about Heath! He is like the worst friend ever for not telling Adam the truth about Mia and blaming him all the time for nothing. And all these painful conversations that never lead to the point! Come on guys, if you feel that someone has a secret and wants to tell you then let them finish and spill it all! Don't let something else interrupt you. Ask! Make them tell you!!! I can't imagine that real people do act this way, even if they are gamers/geeks/nerds or whatever! Never before has a book raised so much anger in me! All this nonsense! And the end is just sad... I wish Brenna Aubrey could have come up with a nicer story for Adam and Mia. I still believe that she is an excellent writer and the characters and the surroundings she created are great but this one was so much over the top and Mia's condition is too sad. I really liked these guys in AT ANY PRICE, but this sequel ruined everything for me. I am curious how Brenna is going to come up with a HEA in the third book. Will Mia become a vampire to make it all right?

Von reader
Adam hat sich Mias Beschuldigung, er sei auch ein Schtigger nmlich arbeitsschtig, zu Herzen genommen und nimmt sich eine Auszeit, um bei einer wochenlangen Wanderung ber Californiens hchste Berge davon los zu kommen. Glcklich kehren sie in sein Haus zurck, und dann ist pltzlich nichts mehr wie es war. Mia zieht aus, sie fhlt sich von ihm bevormundet, sie denkt nicht "wir" sondern nur noch "ich". Ihr Unabhngigkeitsstreben ist schon paranoid. Adam will alles kontrollieren auch ihre gemeinsame Zukunft, sie schaffen es nicht, sich auch nur einmal hinzusetzen und ein lngeres, klrendes Gesprch zu fhren. Mias alter Freund Heath trgt auch nichts zur Lsung ihrer Entfremdung bei, er verrt Adam nicht, was fr Probleme Mia hat, tritt Mia auch nicht mal "in den Hintern", so dass alles auer Kontrolle gert. Dieses Buch ist aus Adams Sicht geschrieben, er versucht sein kontrollierendes Verhalten in Schach zu halten, das knnen wir Leser gut verfolgen. Spannender Cliffhanger, ich bin sehr gespannt, wie Brenna Aubrey das lst.

This Second Book is so shocking, sad, complecated. I fellt heartbroken almost the whole time. I need that third Book to be written very soon, because I cannot stand this state of uncertainty.

Kurzbeschreibung
So You Want to Be a Hero? Millionaire CEO Adam Drake overcame a tortured past to take control of his life and build his own gaming empire. The final piece falls into place with his newfound love for brilliant geek girl blogger, Mia Strong. Now Adam is at the top of his game. Your Princess Is in Another Castle. Until Mia suddenly breaks things off, leaving Adam in the dark. He senses she needs his help but that she's too stubborn or scared to ask. The more he tries to take control, the further she shies away. This is one problem he can't solve by writing a check or a few clever lines of code. He will have to dig deep and put himself at risk...or else risk losing her forever.
