Von Kim Dare : Axel's Pup (Werewolves Dragons Book 1) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Axel's Pup (Werewolves Dragons Book 1) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Not what you expect...Von QuerleserJust another BDSM story with one overly dominant dom ordering around just another 24/7 Sub without self-esteem, one wolf and one human, trust problems, a spanking and a collaring HEA? Yes. And

no. I thought that more than 500 pages must promise a certain depth (despite the silly teaser and title), not only a good story, but convincing characters as well - and I'm not disappointed. In a society where shifters are not only suppressed but quasi outlawed by human law and politics (it's no crime to overcharge / bully / beat / kill a wolf shifter), Bayden struggles to earn enough money for himself as well as his mother who cares for his dying grandfather. The anti-pack laws forced him to quit home turning 21, because no more than two adult wolves are allowed to live / meet together. As the shifter salary is often half the human salary (if you get a job at all) and the rent is doubled, Bayden prostitutes himself or takes bets (fighting) to survive. I'd like to say that such an abuse of a whole race is not possible, that the majority of humans won't tolerate that - but history (and presence) proved otherwise. Meeting biker and BDSM club owner Axel, Bayden needs time to learn that not all humans are alike. Alex needs time to learn that being a human is not the only difference, but that there are lots and lots of differences in human and shifter culture. After several misunderstandings and problems he begins to ask about shifter customs - as well as teaching Bayden human customs. Trust must be earned, but the better they get to know each other and their species, the more they trust and finally love each other. Not only the MCs but also the minor characters are convincing. The problems between Bayden and Axel are funny, as well as terrible, but both learn not to make the same mistake twice. The story concentrates on the relationship / love story of Axel and Bayden without ignoring the other characters or the everyday life. In the end there could have been a couple less sex scenes and more plot. In the beginning Bayden doesn't use his shifter senses the way he uses them from the moment he starts submitting to Axel. But that are only minor flaws. I really liked that there is no instant falling in love (la "you're my mate, I need to claim you"), but a real development to the HEA. A few more talks about the differences between their races would have spared them some pain, but as they learned from their mistakes the talks followed every time. A nice idea is that wolves don't talk much in general, but rely on other senses. That not only explains why Bayden is extremely uncommunicative, but also why he finds Axel's need to talk "so much" so annoying. And the reader can't complain that they just should "talk about their problems" instead of assuming all the time. Bayden could have some pride and self-esteem - not for being a wolf but for just being himself. An elaborate love story with lots of info about human and shifter society, various kinky scenes and "faked" scenes, lovely characters and idiots, doms and subs, a nice storyline and lots of trust and mistrust. As the moral is that there are always good and bad guys no matter what race, the only one missing is a bad wolf, because all wolves in the story are good guys and victims. Although I really loved this book, I don't know if I am willing to continue this series, because the charm of this one was the interracial pairing. Reading about say Griz and Evan for example wouldn't tempt me much as they are both human... Reading about Hale (the cop) getting paired up with a wolf should be fun, though - or the story of Mr. Wolf, the fighter for wolf rights. But I highly recommend this first volume.

1 von 1 Kunden fanden die folgende Rezension hilfreich. Wunderbar! Von Kundenrezensionen Ich wusste absolut nicht was ich zu erwarten habe. Klar ich hatte schon Bcher von Kim Dare gelesen und die meisten hatten mir gefallen, aber ich wusste nicht was ich von dieser Kombi zu erwarten hatte. Biker und Werwolf. Aber mein Vertrauen wurde nicht enttäuscht. Die Geschichte ist toll geschrieben, ehe man es sich versieht hat man hunderte von Seiten hinter sich gebracht und die Zeit ist vergangen wie im Flug. Die Charaktere sind gut ausgearbeitet und einfach zum lieben, wenn ich auch ein zwei Mal bei Bayden den Kopf geschüttelt habe, aber selbst dann war Dare in der Lage es logisch zu fundieren und die Irritation war praktisch gewollt. Dinge die mich aufgeregt haben (Axels Name!) wurden irgendwann so logisch erklärt dass ich mich fast geschämt hab anzunehmen Dare würde solch ein Pazzo unterlaufen. Die Erotik und der Kink sind nicht zentral, aber ein wichtiger Teil und die Szenen sind toll geschrieben. Ich bin gespannt wie es mit der Serie weiter geht, ob wir Bayden und Axel wiedersehen, ich hoffe es!

0 von 0 Kunden fanden die folgende Rezension hilfreich. Klasse! Von Nicole Eine wirklich schöne Geschichte. In der Beziehung geht es mehr um das Spiel im Kopf, was die Story etwas anders macht und sich wohltuend abhebt. Schnell und detailliert geschrieben. Ich hoffe, die Serie geht so weiter :-)

Kurzbeschreibung As the landlord of The Dragons Lair and leader of The Black Dragons Motorcycle Club, Axel Carmichael has seen it all and done it all. He's a respected and experienced dom. Nothing shocks him any more, and nobody catches him off guard. When Bayden rides up to The Dragons Lair on a bike worth more than most men earn in a year, and immediately demonstrates that he has far more attitude than sense, it's easy for Axel to write him off as a silly little rich boy who's about to get himself killed. But, there's more to Bayden than meets the eye. He's no silly little boy, rich or otherwise, and werewolves aren't easy to kill.

ber den Autor und weitere Mitwirkende Kim is a thirty-one year old bisexual submissive from Wales (UK). First

published in 2008, she has since released 100 BDSM erotic romance titles ranging from short stories to full length novels. Having worked with a host of fantastic e-publishers, she has just moved into self publishing. While she has occasionally ventured towards other pairings, Kim's first love is still, and probably always will be, Male/Male stories. But, no matter what the pairing, from paranormal to contemporary, and from the sweet to the intense, everything she writes will always feature three things - Kink, Love and a Happy Ending.
