What happens before a rock band's tourVon readerThis book has a very slow pacing, it details every last day-to-day type stuff in the life of Jack and Leila, most of it not so interesting.Leila gets the job as a back-up singer for Devils Lair, but for two months she keeps singing with her former band, then she starts rehearsing with DL during the week and

playing with her band on weekends and finally in the last chapter the tour begins with a concert in NY. It takes Jake and Leila of the book to get together, then they make up for lost time and go for it at every opportunity. The novel is told from Jack and Leila's POV, often scenes are repetitive told from each POV. Jack's birthday from his POV is a surprise birthday party organized by his sister with a surprise birthday song for Leila whose birthday it was the previous day. From Leila's POV Jack surprised her and the band with donuts and coffee for lunch and on his birthday the band members had dinner together. So, dear author, what was it? I didn't like that her friends didn't take no for an answer. Leila didn't like tequila but her best friend Lilly didn't respect that but made her loosen up on several occasions. Why do some people always need alcohol to have a good time? You'll have to read the first two chapters very carefully maybe take notes to get all the information and names of around 30 persons who are introduced and the action that occurs. Otherwise you might not understand the cliffhanger.

Von Marincheto007I really loved the book :) I read a review of the book on one of the blogs I am following and I got interested in the plot so I decided to check it out. It definitely didn't disappoint :) I love Rock Roll romance and I just fell in love with main characters. Leila and Jack are so different and at the same time somehow so similar to each other. I loved how in the end Leila decides to stay beside him no matter what happens and that she will support him in his decisions :) For me it was also interesting to get to know the people around Leila and Jack: their friends, their families, etc. In a few words. The book is great (at least for me) and I would definitely read the second part in the series :)

Von GapsThis book was fun to read. I got to like the main characters Leila and Jack right away, but you get to know and love the other band members like Hunter and Trey, too. And of course THE scenes are hot and steamy, just as the protagonists themselves. The best is - if you get addicted, there are two more books with Jack, Leila and the rest of the band.

**Kurzbeschreibung** Leila Marino's biggest dream is to become a rock star. A lucky opportunity has her auditioning with an up coming rock band named Devils Lair. The band hires Leila as their back-up singer, signing her up for months in the studio and touring on the road with the sexy bunch. Jack is the quintessential rock star gorgeous sexy walking orgasm. Jack Lair is the lead singer of Devils Lair and his dreams are becoming reality as his band climbs the ladder of success. He's living the perfect life, and enjoying every minute of it. With a steady stream of sexual conquests that satisfies his raging libido, he thinks he has all he needs in life until Leila enters it. Jack is not prepared for the sudden pull he feels towards Leila, and struggles daily to deny his attraction is anything more. Leila finds falling for her new boss is constant torment. Both convince themselves friendship is their only option. An intimate moment causes their willpower to collapse, and their erotic love affair to begin. Finding love was a bonus that neither Jack nor Leila anticipated. As they begin their tour together professionally and personally, life couldn't be any better for the couple. Until a mistake from Jack's past threatens their new relationship, and their perfect future together.
