ROMANTIC SUSPENSEFUL STORY. What you'll find in this story; a cast of remarkably impressive and engaging characters, fantastic story-line, dynamic vivid scene descriptions, phenomenal banter, action packed, gripping suspense, horrific danger, life threatening incidents, gut-wrenching moments, camaraderie, family love, emotions spiral, skyrocketing heart-throbbing sensual romance, and a melt your heart conclusion leaving you wanting more. Cage came back to Winter Falls to claim his mate and end the ACES to make the town safe so Carrie would leave with him. He had a business now hoping he could prove his worth to her, though he still felt he wasn't good enough for the kind-hearted soul that she was. Faking he was ACE was hard; even tougher was the fact he had to tell her that sometimes he turned into a blue-eyed bear, and hoped she wouldn't run scared and despise him. He would do whatever was necessary to protect her from harm, even if it meant that she would hate him in the end.....WOW-SPECTACULAR fast paced well written creative read by a truly gifted author. Could not put this book down, as it had my full attention from beginning to end, a most heart-warming read and I loved it. The interaction between the characters is believable as they spring to life with the fabulous dialogue, plot, and powerful scene descriptions. The romance between Cage and Carrie is one of unwavering devotion. If you treasure shifter stories with gripping suspense and romance that sizzles, this is a terrific book for your library. In the world of shifter romance the possibilities are endless and always fascinating. Without reservations I recommend this book.

Kurzbeschreibung Carrie Miller is in trouble. The curvy bar owner lives in a town constantly under threat from the Aces, a dangerous biker gang currently set on taking Carrie (and her bar) for themselves. Carrie has people to protect, but the odds are stacked against her and she's on her own. That is, until Cage McCann comes back into town, striding into her bar with his dark hair and sapphire eyes and pulling her into a kiss and back into his life. He says he's going to claim and protect her. The only problem? He looks like an Ace. But when his arms are around her, Carrie doesn't much care. Cage hates wearing Ace leather and he hates the disappointed look in Carrie's eyes. But the former special forces soldier will do anything to protect the woman of his dreams. Even if that means going undercover in the gang he has hated all his life. He doesn't know when he'll be able to tell her everything, or what she'll say when she finds out he's a bear shifter. But he does know that they are meant to be together, and that he'll never let anything happen to her or anyone she loves. He's been away too long, and now that he's back with his mate, nothing is going to separate them. The Aces may be bad to the bone, but Cage is bear to the bone. And nothing messes with what a bear holds dear.***This is a full length, stand-alone bear shifter novel of around 60,000 words. It contains sexy shifters, sensual, super hot love scenes, thrilling suspense, and pulse pounding action. Enjoy! Kurzbeschreibung Carrie Miller is in trouble.
