Its exciting and hot to the last site!Von vpobiChloe Mills and her boss Bennett Ryan the beautiful bastard. in a constant struggle between passion and correctness. A typical hate you and love you. Every day one of them wins and one of

them loses. You are constantly curious and it's very hot to the last site. Je ne regrette rein. LOVE IT!8 von 9 Kunden fanden die folgende Rezension hilfreich. Not impressed (anymore)Von S. AurinkoI read this story when it was still known as "The Office" and I loved it back then. That's why I not only bought the kindle ebook, but the paperback as well. Too bad my taste in books obviously changed over the years (I don't think Beautiful Bastard is that different from The Office so that's not the reason).I got so bored after about 7 chapters, I couldn't bring myself to finish it. There's an elaborate sex scene in every chapter (and even that seems to be the same: rather rough and somewhat passionate, he always rips her panties...*yawn*). And the plot seems to be Bennett and Chloe fighting and pissing each other off, then having sex, then both swear to themselves that it can't and won't ever happen again, just to start the game anew. Chapter after chapter of the same stuff. Chloe is especially annoying, coming across as the strong career woman only to become a puddle of goo everytime Bennett looks at her. Then complaining about what a jerk he is and that she never ever will let him have her again only to jump him again the next day.I don't mind to read "smut". But a story needs to have a plot more than anything or it doesn't hold my interest.Buy this book if you want to read about two people having sex. Don't buy this book if you need a story behind the sex.0 von 0 Kunden fanden die folgende Rezension hilfreich. KawaladyVon LucyHier sind es 3 Bnder. Viele finden diesen hier Top.
