hilfreich. A highly emotional Story of Self-Discovery! Von Nina One word to describe BEING SAWYER KNIGHT? Freakin AMAZING!!! I loved this book! Loved the story, loved the characters, loved the sizzling chemistry between Sawyer and Jake This book captivated me from the very beginning just Wow! This was not my first M/M romance, but definitely one of the very top ones and a refreshing asset to this genre altogether! As the lead singer of one of the most popular rock bands of the last years, Sawyer Knight has it all: Fame, glory, talent, money and another woman to warm his bed every night. But why then is he still feeling so lonely? To make matters worse, his former childhood best friend, Jake, who left to Australia ten years ago, becomes the bands new head of security. Their last goodbye hasn't been an easy one, because Jake revealed his true feelings toward Sawyer back then feelings that by far exceed friendship. Then as now Sawyer doesn't want to have anything to do with it, because he simply cannot be gay, can he? But Jake is no one to easily give up and he vowed to himself that this time he won't let Sawyer go again. Will he be able to break down Sawyer's huge walls and reveal his true personality? Jake is such a strong and confident character. He knows what he wants and he will find a way to get it, no matter how high the barriers might be. He is determined to reveal the true Sawyer Knight to the world, who has nothing in common with his self-content and cocky on-stage persona. The real Sawyer is vulnerable, confused about his sexuality and frightened by his feelings for Jake. What would his fans, family and friends say if they found out? Would he be rejected? Fear and shame make him fight his feelings and Jake for a long time, only thanks to Jake's unconditional love and trust in him he slowly begins to change and to accept who he is. BEING SAWYER KNIGHT is a beautiful journey of self-discovery, it is highly emotional, pure and raw, flavored with a pinch of suspense and oh my God! a full bucket of steamy, panty-soaking hotness! I highly recommend this book to anyone that loves M/M romance but even if you haven't read any book of this genre, I'd recommend it as well, as a story full of love, friendship and self-realization. I cannot wait for the second book!! Although I find it a harsh task for Nicola Haken to top this one! :) 0 von 0 Kunden fanden die folgende Rezension hilfreich. a bit unreal, but ok Von Cole This is an ok book. I went for it because I like stories set in the world of music, and I also enjoy the bodyguard set-up. So far, so good, But something about Jake and Sawyer simply didn't feel right. I thought Jake was far too sexually aggressive when he met Sawyer again. TEN years passed, and lots of things can happen during a stretch of time that long. People can change. Their attitudes can change. But for some reason Jake ignores all that to 'take what he wants'. The two men hardly have had a decent conversation before Jake has his hand down Sawyer's pants. And he doesn't listen to Sawyer saying 'no' because 'he knows better'? Must say that didn't work for me. Even if Sawyer does enjoy the attention, Jake should have respected Sawyer's wishes and gained his trust before he made any further sexual advances. Jake justifies his actions with the argument that he loved Sawyer for ten years which seems to give him the automatic right to have what he wants? I don't think so. Jake appears single-minded and ruthless, more or less steam-rolling Sawyer into admitting he's gay. I would have liked to see Jake wooing Sawyer, making him fall in love, making him admit who he is BEFORE all the sex happened. The speed of their developing relationship takes my breath away. Sawyer doesn't even want to admit to himself out loud he is gay one day, but then goes all the way with Jake only a few days after that? He may have been ready to accept himself, but this is VERY ready indeed. I am not saying I didn't enjoy this, but it pains me to admit that I couldn't quite connect to either of the two MCs.
