Von Meghan March : Beneath These Chains (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Beneath These Chains (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. A fun readVon Jen RBeneath These Chains was a fun read. I loved Lord and Elle, though I didn't realize this was the third book when I started reading. It can be read as a standalone, but there were times when someone was mentioned that I

knew I missed something from the prior book. I will just have to go back and read the second book to find out what I missed. Lord is a big, strong, tattooed guy who owns a pawn shop on the wrong side of the tracks. He bought the shop from his brother and is trying to make it work. He desperately wants to succeed, but is having a bit of a rough time and he is not sure why. He has a kid who he helped off the streets working for him, Mathieu, and is just trying to run his business. Elle is a rich girl, from a rich family, and the best friend of his brother's girlfriend. So off limits to Lord. I mean he doesn't want to do anything that could potentially mess up what his brother has going. He can't. His brother means too much to him and is finally happy. He doesn't want to mess with that no matter how attracted to Elle he is. When Elle shows up at his pawn shop and basically tells him she is working there and won't take no for an answer things get a bit tricky. He is not sure why she is there, but he wants her to leave, but also stay. He just isn't sure what to do really. Things only get worse when the big bad crime guy sets his sights on Elle so he has to claim her as his own. That and bodies keep piling up that are connected to him and Elle. People who he argued with or had a run in with. Things get a bit tricky and through it all Elle and Lord grow closer. Oh this was a fun read. I love the big, tough, alpha males and the girls who can stand up to them. I love the mystery of who is killing people and that I didn't expect where the story went. Really I loved watching Lord open up and show some vulnerability. I also loved that he would do the right thing even if it was hard. This was great. Now I can't wait to go back and read his brother's story. This review was originally posted to Jen in Bookland 0 von 0 Kunden fanden die folgende Rezension hilfreich. Elle and Lord Von Rin Hayashi In part three of the series we get to read the story of Elle and Lord (though I must admit that American naming is always making me either laugh or shake my head). Elle has lost her father early on and is bitter about her stepdad, leading to "rich girl rebellion" which manifests in her choice of workplaces mainly. Due to an accident in her past, she neither drinks alcohol nor drives cars and thanks to her stepdad she is afraid of commitment. Lord is Constantine's brother, managing chains and trying to meet the payments for the takeover. We learn little about his past: He was mainly living alone, running from foster care which led him to steal and later signed up for military service. We get a little about how his mother died and that he stayed close to NOLA due to his ties with his brother. New characters are Rix (the leader of a gang), Mathieu (working at chains, similar backstory to Lord), Elle's family (mother, stepbrother, stepfather) and others that we most likely will never see a letter of again. In the story we have three murders - all somehow connected to Lord. He thinks he's being framed and when he figures out who is the one murdering, Elle starts to drive again - her stepdad's Porsche. Now, don't get me wrong. I'd love to just hop into a sports car and drive. But! Usually sports cars handle a lot differently than usual cars. So... after ten years of not driving at all (which would any human being give some trouble as cars change tremendously over just a few years, let alone in upper class cars!), she just hops in, never chokes off the car nor grazes anything? Okay... as it is the US, the poor sports car will most likely be forced to have an automatic gearbox. Still... just a little too much on the accelerator and the car literally jumps forward. On a sidenote: What tattoos does he have? Some military - and else?? Since the first book of the series we get "he's covered in tattoos" but get nothing beyond that. With Simon we at least got some information. All in all: not as many open issues as with part 2 of the series, but still quite some that the author should've worked out better. 0 von 0 Kunden fanden die folgende Rezension hilfreich. 3.5 Stars... but I wanted to give 5 Von Butterfly I don't know I was waiting for Lord's story, but I just didn't feel this story like I did with the other books. Con was the first story I read in this series and I loved his story, as I did Simon's... but in Lord's story I kind of missed the atmosphere. Especially in Behind this Mask I could feel New Orleans like I was there even though I never have been. And don't get me wrong I love the character Lord and I like Elle and I thought all day about it but I just can't pinpoint why they didn't get me as much as the others did. Maybe it has been more about Elle; her doubts in Lord were totally uncalled for. Maybe I was just too much on his side so I couldn't really connect with her. I thought their story wasn't as intuitive as the others... but I'm still waiting impatiently for the next book!

Kurzbeschreibung Get ready to fall in love with the sexy series readers call "deliciously addictive" and "binge-worthy" from USA Today bestselling author Meghan March. I was raised on the streets, so I know things are rarely as simple as they appear especially this rich girl showing up at my pawnshop demanding a job. She's the most tempting thing I've ever seen, and I'll be damned if I can make her leave. Shit just got complicated but when it comes to her, I want complicated. We're both fighting our own demons, and our only chance at a future is to let go of the past. But will we be strong enough to break free from beneath these chains? * * * Beneath These Chains is the third book in the Beneath series, but each of these hot contemporary romances can be enjoyed as a stand alone. Then again, why would you want to miss out on all the alpha heroes and the women who bring them to their knees? After all, there's something for everyone in New Orleans... Suggested Reading Order: Beneath This Mask (Beneath series book 1) Beneath This Ink (Beneath series book 2) Beneath These Chains (Beneath series book 3) Beneath These Scars (Beneath series book 4) Beneath These Lies Beneath series book 5) Kurzbeschreibung Get ready to fall in love with the sexy series readers call "deliciously addictive" and "binge-worthy" from USA Today bestselling author Meghan March. She's also impulsive, easily entertained, and absolutely unapologetic about the fact that she loves to read and write smut. Her past lives include slinging auto parts, selling lingerie, making custom jewelry, and practicing corporate law. Writing books about dirty talking alpha males and the strong, sassy women who bring them to their knees is by far the most fabulous job she's ever had. She loves hearing from her readers at meghanmarchbooks@gmail.com.
