Eine spannende Romanze oder romantischer ThrillerVon readerDas letzte Buch der Serie war das Beste. Wir treffen alle Personen der vorherigen Bnde, aber zum Verstdnis der Geschichte mu man diese nicht gelesen haben.Die beiden

Protagonisten sind als Nebenfiguren schon bekannt, Lucas als nicht so sympatischer Rivale von Con, Yve als verständnisvoller Boss/ Freundin von Charlie. Die beiden entwickeln langsam Gefühle für einander, daneben holt die Vergangenheit Yve ein. Ihr Exehemann wird aus dem Gefängnis entlassen, und Yve fürchtet seine Rache. Sie "rennt" um ihr Leben, aber "Ende gut, alles gut". Sehr gut und spannend geschrieben. 0 von 0 Kunden fanden die folgende Rezension hilfreich. A great read Von Jen R Lucas is a good guy who always tries to act like a bad guy. People don't like him much because of this, but deep down he cares about people. If you can get past his defenses he would do anything to keep you safe. Yve has a past. A past that she doesn't want anything to do with. Her family is made up of women who are mistresses and her ex-husband...well he is not a good guy. He finally made a mistake that sent him to jail, but he is about to get out. And Yve doesn't know what to do when it looks like he is back and messing with her. She is afraid, but is stubborn and determined to never rely on anyone. To never ask for help. When fate intervenes and these two start to spend more time together the sparks fly. Lucas knows that Yve wants him even if she doesn't want to. And when she makes him an offer he can't refuse they start to spend more and more time together. And grow closer and closer. Only Yve doesn't want to really let him in and tell him her past, and he doesn't want to open up his own old wounds. The first parts of the book end up being a lot of super hot sexy time since that is their deal, but it was awesome. I loved getting to know Lucas more, especially after reading him in Beneath This Ink. I am glad to see he is not the super jerk everyone thinks. He just has his own demons to fight. And it was super sweet to see Yve let someone in and have someone to lean on. I loved it. Both of them are strong, stubborn people used to getting their own way so it is not easy to get to happily ever after, but they work. Such a fun read. I can't wait to read more from this author! Yve and Lucas Von Rin Hayashi The fourth book of the series we get to read Yve's and Lucas' story. Yve's background is taken up a lot earlier than that of Lucas', which is only completely revealed at the end of the book. It is this that makes Lucas' behaviour a little hard to understand, because the reader cannot understand his reasoning. When his past is revealed at the end, it is like "now everything becomes clear!". His past is the key to understanding his behaviour. Yve's reactions are highlighted a lot more and this is due to us knowing what brought her behaviour to be the way it is (as with Lucas, but as we are not informed on how he was treated until the end...) I honestly have to say it is quite tiring that all four of the main male protagonists have pretty similar looks, body types and possessive behaviour as well as big packages - of course perfectly straight and no hint of anything else. Lucas finally adds some character through scars - but as the others had their tattoos, it is only a minor change in my book. Also the women are mostly the same cliché. It is a bit tiring but well written, so I am willing to overlook it. I'd much like to read something different. Like not an hourglass-figurine. A man with not a huge dick. A woman who is too sensitive to like getting a cunnilingus. - Short: something other than cliché. But that probably won't fly as it is a love story and clichés are so much easier to write.

Kurzbeschreibung From USA Today bestselling author Meghan March comes a sexy new standalone in the Beneath series. Are you ready to fall in love with the villain? It's the guy you love to hate. In every story in my life, I seem to end up playing the villain and I've got the scars to prove it. That role works fine for me, because I'm sure as hell not anyone's hero. I run my life and my empire with an iron fist until she knocks my tightly controlled world off its axis. She's nobody's damsel in distress, but I can't help but want to save her anyway. I guess we're about to find out if there's a hero buried beneath these scars. * * * Beneath These Scars is the fourth book in the Beneath series, but each of these hot contemporary romances can be enjoyed as a stand alone. Then again, why would you want to miss out on all the alpha heroes and the women who bring them to their knees? After all, there's something for everyone in New Orleans... Suggested Reading Order: Beneath This Mask (Beneath series book 1) Beneath This Ink (Beneath series book 2) Beneath These Chains (Beneath series book 3) Beneath These Scars (Beneath series book 4) Beneath These Lies Beneath series book 5) Kurzbeschreibung From USA Today bestselling author Meghan March comes a sexy new standalone in the Beneath series.
