Con who blames himself for a lot of things. Con who didn't have the best start in life and seems to always lose what he holds most dear. Con who thinks Vanessa

is way too good for him. And Vanessa who is a rich girl. Vanessa who always does what other people want. Vanessa who spent one night with Con a few years ago and hasn't been able to really get it out of her mind. Much like Con, but at least she remembers it. Then she left the next morning full of regrets and he hasn't seen her since. Until now. Until she needs something from him. Con and Vanessa were so sweet together. Once they were able to get past all of their insecurities and issues and actually talk to each other it was awesome. Con has liked Vanessa forever, but never let her know that. He couldn't be with her and it was a lot easier to pretend he didn't want her than to let her in. Same with Vanessa only her family wouldn't have approved of her being with him so she runs. Now she wants to be the director of the family non-profit, but in order to do so she must get some of Con's family land deeded to the organization. There was a mix up when she was originally planning and now if he doesn't give the land over she won't be in charge. She will have shown that she can't do it, that the test of her being able to run the place failed. So she sucks it up and goes to talk to him. Only he is of course angry. Angry that she left two years ago. Angry that she is only here now for the deed to some land. Angry that he doesn't remember their one night together. It was a lot of fun to watch these two. To get to know Con and see all the amazing things he is doing to try and help the kids on the street. To make sure they are fed and have a positive outlet. He was wonderful. And in order to get the deed she so wants she has to give him a chance. Actually date him, but in secret since if she did in public it would ruin her chances with the foundation anyways. It was so much fun watching Con figure out that Vanessa is not the perfect little stuck up rich girl he always thought. That she has issues to. That she wants him too. I really enjoy these books as the characters are just awesome. I loved both of them and seeing them overcome so much with the help of the other. There are some other things going on, such as Lucas blackmailing Vanessa and Con trying to find who killed his parents. It all comes to a head at the end in such a wonderful way. It shows how much these characters grew and care about each other. I loved it. Such a fun read. Vanessa and Con Von Rin Hayashi In part two of this series we get to meet Constantine again - this time as one of the protagonists. In part one he was already established as a likeable and helping character - albeit sometimes a bit on the violent side (remember? He's Charlie's boss and helps her get back to NY for "setting things right"). Vanessa is a known character as well - as she was Simon's long-time-friend in part one. We know little about her though as Simon mainly refers to her as a "friend whom I help to get her father lay off". Constantine's inner turmoil about his guilt regarding his parents' death and Vanessa's family-issues are addressed, yet for the latter I miss the explanation why she suddenly is alright with eating in front of Constantine (and others, without bringing her problem as it is stated before up again). On Constantine I miss some information on his tattoos. We know he has his adoptive parents' names on his wrists and "hardly any canvas left", but what kind of tattoos does he have? Is it more like tribals, pictures, selfdrawn images, more script, ...? That might have been mighty interesting to know. Sadly we do not get any insight into this.0 von 0 Kunden fanden die folgende Rezension hilfreich. Cute, unpredictable story Von Vanessa I really enjoyed reading this book. The development of the story is not as predictable as in other stories and there is always a certain tension as to how things might end. The two main characters are pretty cool. She is a girl from "old money" with a rather conservative family (all tinsel and glitter) while he is a foster kid that has been adopted by a (also rich) couple but his life and reputation turned out very different. Although their backgrounds and lives are completely different, there is always a certain chemistry between them. To find out whether this chemistry is enough for a relationship was a very good way to pass my time.

Meghan March has been known to wear camo face paint and tromp around in woods wearing mud-covered boots, all while sporting a perfect manicure. Shes also impulsive, easily entertained, and absolutely unapologetic about the fact that she loves to read and write smut. Her past lives include slinging auto parts, selling lingerie, making custom jewelry, and practicing corporate law. Writing books about dirty talking alpha males and the strong, sassy women who bring them to their knees is by far the most fabulous job shes ever had. She loves hearing from her readers at meghanmarchbooks@gmail.com.
