riechen und die Buchseiten rascheln hören; und die Charaktere sind einfach bezaubernd. Ich warte auf das nächste Buch...

KurzbeschreibungLife has taught Ivey Jones early on that with trust come pain and betrayal. Out of survival she has created walls around her to keep anyone from getting too close. Though she lives in her dream house in the Rocky Mountains and loves being the owner of the town's quirky little bookstore Serendipity, her life is narrow and governed by strict rules that she never deviates from until Cal Bennett enters her life. For the past nine years Calvin Cal Bennett has stayed away from Ivey, thinking she deserved better than to be saddled with a single dad who has never been good at relationships. Until a few chance encounters show him what he's been missing and he can't stay away any longer. Little does he know he's got a fight on his hands that he might not be equipped to win. Shadows from Ivey's past lurk in the dark, ready to strike and bring her low once and for all. But Cal swears he will do whatever it takes to break through that wall of steel to win Ivey's heart and keep her safe.
