Von J. D. Robb : Betrayal in Death (In Death, Book 12) before purchasing it in order to gage whether or not it would be worth my time, and all praised Betrayal in Death (In Death, Book 12):

KundenrezensionenHilfreichste Kundenrezensionen4 von 4 Kunden fanden die folgende Rezension hilfreich. Auch dieses Mal hat J.D. Robb wieder einen Treffer gelandet!Von Ein KundeIch habe bisher alle Bcher der "in death"-Reihe gelesen und bin ein absoluter Fan von Eve Dallas und Roarke. Auch dieses Mal wurde ich nicht enttuscht - ich habe

das Buch in einem Rutsch gelesen! Die Story ist wieder einmal sehr spannend und man (oder zumindest ich) braucht sehr lange, um die wahren Hintergründe der Mordserie zu erkennen! Frau Robb gelingt es vortrefflich, eine Story erst langsam, aber mit vielen kleinen Hinweisen aufzurollen. Ich hätte mir lediglich gewünscht, dass der mittlere Teil ein wenig "schneller" vorangegangen wäre. Dort war es zeitweise ein wenig schleppend. In vielen Kritiken der anderen Bücher wurde Eve Dallas als extrem kühl und emotionslos dargestellt. Das finde ich überhaupt nicht. Außerdem entwickelt sie sich ja im Laufe der Serie sehr gravierend und sehr positiv. Endlich mal eine Buchreihe, bei der sich Charaktere wirklich verändern! Ich freue mich schon auf das nächste Buch! 0 von 0 Kunden fanden die folgende Rezension hilfreich. exciting thriller in the near future Von Ein Kunde The author once again presents us with an exciting thriller featuring Eve Dallas and her billionaire husband Roarke. Once again Eve is pitted against a clever killer and she has her hands full to try and arrest him before he kills his final victim. The reason for all these crimes seems to be in Roarke's shady past. Betrayal lurks everywhere. The relationships between the main characters and the secondary characters are so well done that they seem almost real. I just had to read the book in one sitting and I can't wait for the next book in this series. 0 von 0 Kunden fanden die folgende Rezension hilfreich. great Von Cherifa Arkady your online bookstore delivers all the time. good price, slow but sure delivery. i have to repeat myself, as i am reading the whole series.

Kurzbeschreibung In this novel in the #1 New York Times bestselling series, Detective Eve Dallas' investigation of a homicide at her husband's hotel leads to a murderer with a passion for the finer things in life and in death... At the luxurious Roarke Palace Hotel, a maid walks into suite 4602 for the nightly turndown and steps into her worst nightmare. A killer leaves her dead, strangled by a thin silver wire. He's Sly Yost, a virtuoso of music and murder. A hit man for the elite. Lieutenant Eve Dallas knows him well. But in this twisted case, knowing the killer doesn't help solve the crime. Because there's someone else involved. Someone with a more personal motive. And Eve must face a terrifying possibility that the real target may, in fact, be her husband Roarke. From the Paperback edition... de J.D. Robb fans are fanatical about New York City supercop Eve Dallas and her mysterious billionaire husband Roarke. Robb's futuristic (circa 2059) ... In Death series wages a two-front narrative war (the battle of good and evil and the battle of the sexes) and both author and readers come out winners. When Darlene French, a maid at the Roarke Palace Hotel, is brutally beaten, raped, and strangled with a silver wire, Eve is at a loss to explain the apparently professional nature of the murder. Who would hire a hit man to kill such an ordinary woman? As she and her team of detectives (with a little grudgingly accepted help from Roarke, whose money, name, and talents can dig up a wealth of information) investigate the evidence, they find themselves in pursuit of Sylvester Yost, a vicious hired gun who's made millions in his bloody pursuit of career excellence. But it isn't until more victims appear that Eve realizes Yost's real target is Roarke himself. To discover the driving force behind the murderous campaign, Eve and Roarke will have to delve into their own pasts, which holds secrets and terrors for them both. Robb is the nom de plume of romance writer Nora Roberts, and this series certainly delivers the same sexually charged tension and improbably gorgeous characters as Roberts's extremely popular romances. But even those readers, who generally try to steer clear of heaving bosoms and ripped bodices, will have little to fear and much to appreciate in *Betrayal in Death*. Eve and Roarke are impressive physical specimens, but they're also witty, gritty, and often antagonistic, irritably staking out their territories and reluctantly collaborating in the crimes that come their way (think Bruce Willis and Cybill Shepherd in *Moonlighting*, or Nick and Nora Charles on steroids and in a mood). Add in Robb's surprisingly light touch with humor, and the 13th installment in the series is a lucky find indeed. --Kelly Flynn.co.uk JD Robb fans are fanatical about New York City supercop Eve Dallas and her mysterious billionaire husband Roarke.
