Von Kit Rocha : Beyond Ruin (Beyond, #7) (English Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Beyond Ruin (Beyond, #7) (English Edition):

There is something about these gritty down to earth survivors that just resonates with me. Kit Rocha has a major talent at delving into the psyche of her characters. Or should I say their characters? Beyond is the literary genius of co-writing team Donna Herren and

Bree Bridges writing as Kit Rocha. This duo also writes as Moira Rogers, whose books I started reading several years ago and love as well. Unlike their paranormal romances as Moira Rogers, the Beyond series are dystopian romance. As the definition of dystopian implies the society of the sectors and Eden that Beyond inhabits is characterized by human misery, squalor, oppression, disease, and overcrowding. The rich and elite inhabit the city of Eden and the characters we have grown to love and cheer forward, the OKanes inhabit sector four of the sectors that surround the city. Unlike most typical romances, Beyond Run is not a story of love between two or even three people, but rather four. One thing the OKanes are known for is their drinking and their loving. They are an open lot and prize open sexuality. Their open views on sexuality, however, do not in any way define their capacity for loyalty and love. When an OKane loves, they love wholeheartedly and with a promise of forever. So, be forewarned that this series is explicit and not your standard romance. That being the case, I will tell you that although I am not typically drawn to some gender combinations in relationships, the storylines, the depth of character development and the writing are so compelling that I am emotionally drawn into these relationships. I fall in love with all of the characters and want them to find their HEA together. Even though I may not personally hold to their sexual preferences I find the scenes hot and far from gratuitous. If these scenes didn't reflect so much on the characters, their needs, their love and their aspirations I don't think this series would stand a chance in drawing me in and holding my attention. Bottom line it's all about the relationships. Beyond Ruin centers on the relationship between Adrian Rios Mad Maddox, Dr. Dylan Jordan, Scarlet and Jade, four very different people from very different backgrounds. Mad is the self-exiled prince of Sector One. Orphaned as a young teen at the brutal hands of rebellion and a self-righteous grandfather, he wants nothing to do with leading or being the saint his people expect of him. Dylan, or Doc as everyone else knows him is from Eden. His past isn't pretty and he has a slight problem with addiction. His medical knowledge not only tells him how to heal a body but just how much pain and suffering it can take. Scarlet is an orphan from Sector Three. She's the rock star of the group. She has a sinfully beautiful voice, a very giving and forgiving nature. At the same time what you see is what you get with Scarlet. She is no wilting petunia. Jade was born with a silver plated spoon. Then it tarnished and she ended up trained in the houses of Sector Two to become someone's mistress and the consummate spy. That is until her protector turned on her, drugging her senseless and taking a major piece of her. Now she struggles to define who she is beyond being broken and all the training. The one thing they each have in common is that they are now OKanes. They fit together in so many different ways, and for so many different reasons. The way Scarlet proved with every breath that a woman's strength could take whatever form she damn well pleased, then challenged Jade to believe it. The way Mad looked at the world with the same determination in Jade's heart, refusing to believe he couldn't make it better. The way Dylan cut through the tangle of her desires to remind her that trust should be at the heart of everything and that you didn't reward people with trust. You rewarded them for it, because there was nothing as valuable in a dark and broken world as someone who believed in you enough to let themselves be vulnerable. It was the way Dylan looked at Scarlet and found hope. The way Scarlet's music brought Mad peace. The way Mad loved all three of them so fiercely, so brightly, you could almost believe he really was touched by a higher power. It was all of them, together. And she could hold Mad close and stroke his hair while Scarlet sang him to sleep, but they wouldn't be complete. They wouldn't be whole. Not without Dylan. If a relationship between two people can seem insurmountable at times imagine making one work amongst four and yet that is exactly what Kit Rocha does. She brings these four individuals together and makes them each other's salvation and love against the backdrop of a brewing rebellion. The danger escalates and the future is uncertain in the sectors. Beyond Ruin leaves you with a HEA, but a series cliffhanger. Once again I'm swept away into the Broken Circle and I'm left impatient for the next story to unfold. If you like something beyond your everyday romance, have an adventurous soul, an open mind, and heart, then you are going to love Beyond Ruin and the Beyond series. *****Reviewed for Xtreme-Delusions*****0 von 0 Kunden fanden die folgende Rezension hilfreich. Never saw this coming lol former Sector One Prince Mad in love with Doc, Scarlett (former Sector 4) and Jade (former Sector 2) Von Birgit Wahli loved the book. It is an awesome read. Wow Adrian 'Mad' Maddox is part of the Rios family of Sector One never saw this coming lol and wow a foursome how prickly fantastic. Doc aka Dylan got his HEA too with Scarlett and Jade in the mix. First it was a twosome for each couple means Mad and Doc and Scarlett and Jade and during the story they become a foursome lol. I love the O'Kanes and those four needed their HEA and I hoped since book 5 that their story would be told and now I got my wish. I have all the books so far and hope that after book 8 which was announced as the final book this series will continue with stories in the Beyond World lol cause I would miss the O'Kanes and a lot of open ends would have to be tied in the final book so I still hope Kit Rocha will write more stories even if those are novellas or short stories in the Beyond Happily Ever series lol I love those vignettes and haven't missed out on them. This is an honest review and no I never got an ARC, I purchased my book cause I never know when I have time to read it, not cause I have a lot to do but cause I have a lot of books on my TBR pile and daily I add new releases (pre-order) or books to the pile 0 von 0 Kunden fanden die folgende Rezension hilfreich. 5 Stars for Book 7 Von KDBeyond Ruin ist das 7. und vorletzte Buch in der Beyond Serie von Kit Rocha. Wir treffen hier alte Bekannte aus den vorangegangenen Bchern und erfahren worauf am Ende alles hinausluft- oder ? Adrian Maddox der in Sector 1 verehrte Enkel des Propheten; Dylan der gebrochene Arzt aus Sector 4 der unaussprechliche Dinge in Eden ausfhren musste ; Jade die Kurtisane- Spionin aus Sector 2; und Scarlet die Rockerin

aus den Slums von Sector 3 versuchen eine funktionierende Beziehung miteinander aufzubauen. Wir erleben ihre Hochs und Tiefs. Es ist erstaunlich wie diese 4 es schaffen ihr Leben miteinander zu teilen. Dieses Buch hat mich sehr berührt und noch lange begleitet nachdem ich es gelesen hatte. Vielen Dank Ladies und ich freue mich schon auf Buch 8. 5 verdiente Sterne.

Kurzbeschreibung The explosive 7th book in the bestselling BEYOND series. The sectors will never be the same. Adrian Maddox fled his royal life--and tragic past--in Sector One, choosing instead to join up with the O'Kanes. For years, he's lived by one rule: love fast, love hard, and always be willing to walk away. He's managed to guard his heart, keep it whole and untouched--until now. They couldn't be more different--Dylan, the brilliant, burned-out doctor from Eden who drowns his pain with drugs and self-destruction. Scarlet, the sensuous, sexy rocker from Three, a woman unafraid to embrace the world. And Jade, the whore turned spy from Sector Two, who battled addiction and came out stronger than anyone he's ever met. Separately, they make Mad long to open his heart, to tumble head-first into a sea of possibilities and wild love. Together, they make him burn, inside and out, with lust and unbearable, unimaginable pleasure. Then one fateful moment shakes their world to its foundations--and leaves the sectors on the verge of all-out war with Eden. It's the biggest fight the O'Kanes have ever faced, and Mad and his lovers are at the dead center of it. They could end up with everything they never knew they wanted--or lose it all. Including their lives.
