**Von Stacy Wise : Beyond the Stars** before purchasing it in order to gage whether or not it would be worth my time, and all praised Beyond the Stars:

Hollywood romanceVon Stefanie K.3.5Generally I liked this book with its Hollywood setting. The book was well written and I enjoyed Stacy Wise writing style.But I do have some mixed feeling about the love story:On the one hand I liked that it developed slowly and they weren't immediately jumping each other but on the other hand I found it too slow. It took too long until there were some sparks flying and there was some chemistry between them.During the last

third I really liked the two and I think they were really great together. So yeah, I would have liked if they got together soon. Another struggle was the quick ending which made feel everything pretty rushed compared to the slow start of the relationship.0 von 0 Kunden fanden die folgende Rezension hilfreich. ...a beautiful funny cute Hollywood Romance! Von Bianca @BJsBB Jessica wanted to be in Paris now - going to college But she got sick and couldn't fly, so, what is she doing? She's accepted a job her Hollywood agent aunt offered her: be the personal assistant to one of her clients. She secretly hopes for someone along the lines of Martha Stewart - she'd love to learn some baking secrets from her....but who does she get? Jack McAlister - Hollywood's hottest actor! She hates actors - due to some unmention-worthy ex-boyfriend of hers, who only used her to get an in with her aunt. And Jack, Jack is mega-hot, but he's so annoying! Yelling at her all the time (ok, she probably shouldn't have put his pet pig in a closed bag!). But he's also nice and caring and adorable, at least in those tiny little seconds when she sees something different in his eyes...But she's not there to fall in love, she's there to make money. I LOVED IT! So adorable! I really loved this story. Such a funny and cute and even moving Hollywood romance! Jack is this huge superstar, but he's also this sad little boy inside, and he's opening up to Jess more and more. And Jess, with all her big plans of France and baking, and now she's here with this Actor - and she hates actors, but she just can't hate Jack. Even when he yells at her. He's also so kind and he listens and he cares and of course it helps that he's so terrible good looking. BEYOND THE STARS was an amazingly beautiful and funny and cute Hollywood Romance! You need to one-click yourselves some Jack McAlister asap!!! Was there may something I didn't like? Hm, maybe a dual POV wouldn't have hurt?? - I would've loved to hear Jack's thoughts. You just don't get to know him the way you might want to. Maybe this story could've been made into a 3-part series with just more happening to Jess and Jack to make the story a bit bigger and deeper somehow....BUT - it was really good just the way it is!!!0 von 0 Kunden fanden die folgende Rezension hilfreich. A perfectly entertaining read! Von Margaret Koenn This is the first novel I have read in years and it was so good, I read it in one sitting. I simply couldn't put it down!!! Beyond the Stars has everything you could wish for from a contemporary romance: it's genuine, has likeable characters with chemistry, there's witty dialogue with hints of jealousy and the story leaves you actually wishing for a few more chapters (or hoping for a sequel?!). I enjoyed reading it because there wasn't a single boring moment from beginning to end. It's a clever, well-written story with a sweet ending. I also love that this is a book/story which I could share with my mom, who also gave it her seal of approval! Looking forward to more from this very talented author!!!

Kurzbeschreibung A new adult romance from Entangled's Embrace imprint... Falling for him wasn't in the plans... Most girls would kill for the opportunity to work for Jack McAlister, Hollywood's hottest actor, but twenty-one-year-old Jessica Beckett is ready to kick him out of her red Ford Fiesta and never look back. She should be spending her junior year in France, eating pastries and sharpening her foreign language skills. Instead she's reluctantly working as Jack's personal assistant, thanks to her powerhouse talent agent aunt. Jack is private, prickly, and downright condescending. Jessica pushes his buttons she's not the type of girl to swoon over celebrity heartthrobs, precisely why her aunt thought she'd be perfect for the job and Jack pushes right back. But as she begins to peel away his layers, Jessica is shocked to find she craves her boss's easy smile and sexy blue eyes. The problem is, so does the entire female population. And what started out as the job from hell soon has Jess wondering if a guy like Jack could ever find love with a regular girl like her.
