**Von Taylor Ryan : Blood of the Neko (Neko Book 2): sequel to Tears of the Neko (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Blood of the Neko (Neko Book 2): sequel to Tears of the Neko (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. a bit too many inconsistenciesVon peterstenI really loved the first book and was looking forward to the story continuing. But

the sweet timid little neko slowly becomes a little superhero. And why is he suddenly 2 years younger than in the first book? Events from the past are recounted differently than in the first book. Even works of fiction have to stay true to a storyline. Nice read but only three stars for too many little disappointments.

KurzbeschreibungIn the sequel to Tears of the Neko, Damien, the duke of Marsten must journey to the mines to deal with a problematic overseer. When his feline lover, Kayden, comes face to face with nightmares from his past, will he be strong enough to survive them, or will he fall prey to his fears and the hunters' resolve to draw the Blood of the Neko?This is the sequel to Tears of the Neko (book 1 of the Neko series). It is best to have read that first story before reading this one. There is also a set of short stories called A Dash of Neko that precede this story as well (they happen in between the two stories). The Neko shorts are light-hearted vignettes into Kayden and Damien's lives, some of which are hinted at in the sequel. It is NOT necessary to have read them to enjoy The Blood of the Neko, however. They are simply fun, short stories involving the characters from the Neko Series.Warnings: This book contains violence and sexual relationships between men. Please do not read if any of this bothers you.KurzbeschreibungIn the sequel to Tears of the Neko, Damien, the duke of Marsten must journey to the mines to deal with a problematic overseer.
