Von Kate Aaron : Blowing It (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Blowing It (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Love this book so much! Highly recommended!!Von From Top to Bottom ReviewsReviewed for FromToptoBottomReviews.wordpress.comFirst off I have to say that I really shouldn't judge a book by it's cover. And I'm really sorry I did that, Ms. Aaron! I could have read this book a lot sooner had I not decided that this book

probably wasn't for me based on the cover! =(Boy would I have missed out! Because not only did I like this book, I absolutely fell in love with Owen and Magnus, with the writing and EVERYTHING! There's just something magical about the authors writing that draws you in and doesn't let you go. The characters feel so real and alive, like you could just go out and meet them for a coffee or something. Owen Barnes only became an author because a friend of his bet him he couldn't write a YA novel. But turns out he can and he's really successful at it too! The only problem with being a famous author is that Owen is always in the public eye, which means for him, that he has to go back in the closet or forget about being an author because the public knowing that he's gay doesn't fit into the perfect image of a YA author. He's signed a contract for a 5 book series containing a clause regarding his personal life so if he wants to continue writing his books he has to be straight for the public eye. When he signed the contract he didn't think that it would ever be a problem for him. That changes when he meets Magnus at one of his book signings. Magnus attends the book signing with his niece who's a really big fan of Owens book and when they meet they immediately form a connection and agree to meet for a coffee after the signing. Of course Owen's agent Max hears of the new relationship so he decides to use a newly signed-author, Becky, to make it look like Owen and to the public that she's Owens girlfriend. It doesn't take a genius to figure out that this is going to put a strain on even the most perfect relationship and eventually it does. What really saddened me while reading *Blowing It* was that even though it's 2016 we still live in a world where people are made to hide their true self because being who they are might cost them their career. I can only imagine how hard that must be, and Ms. Aaron did a wonderful job in portraying Owens struggle with being back in the closet again after being out before. This book has so many great characters, that really add to the story and make it more real. I loved all except for Max. But Magnus was my favourite. I absolutely adore him! He's such a sweetheart and I loved that he's a family-man, so loving and caring, and understanding of Owens job. He knew what he was getting into when he met Owen and was okay for them to secretly lead their relationship. I really wish he was real! *Blowing It* is a great read. It's thoughtful and hot (MANTIES!!) but mostly a light and beautiful story with beautifully flawed and relatable characters. I've read this book twice already and I know I'll read it many more times. 0 von 1 Kunden fanden die folgende Rezension hilfreich. nice Story Von Customer Arthur the beginning the the book went quite uneventful. Both Characters seemed kinda too Perfect to me but I liked the twist and oben finally standing up for himself. Although I think magnus was a bit a blank character in this story but I guess Owen needed a grown up to show him his way...

Kurzbeschreibung Being famous sucks. All Owen Barnes wanted to do was write, but with success comes more than just literary award nominations. His new relationship with gruff, gentle Magnus Cassidy is at risk, and Owen isn't going back into the closet without a fight. When a photo circulating online threatens his squeaky-clean image, Owen seizes his opportunity to lash out, not realising he's hurting the man he's doing it all for. Can Owen find a way to reconcile his public and private lives, or has he already blown it? Contents: passive tops and slutty bottoms, bitchy best friends, bad jokes, sexy underwear, an excess of beards, and a smattering of angst. May contain nuts. Word Count: 83,500 THE BLOWING IT SERIES: BLOWING IT BALLS UP BOTTOMS UP (Expected release Autumn 2016) Spin-off: Ryans Story: DOM ON THE SIDE SUB ON TOP (Expected release May 2016) Kurzbeschreibung Being famous sucks.
