Von Cardeno C. : Blue Mountain: An Alpha and Omega Shifter Gay Romance (Pack Series Book 1) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Blue Mountain: An Alpha and Omega Shifter Gay Romance (Pack Series Book 1) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 1 Kunden fanden die folgende Rezension hilfreich. Nice

shifter story Von Querleser Promising in the beginning, the story takes a turn to the bad... The first half is nice and though nothing new or unexpected a nice change from the overly annoying alpha-omega stories with lots of "Mine". Mitch is one of the typical alpha types (though not the "real" alpha), but has to learn to go slow and adapt to his mates' needs. He has to get to know his mate in order to win his trust and convince him to stay with him. Simon is lovely, though not an unexpected omega either. He fights his nature and isn't willing to submit to anyone. Trusting a shifter who claims to be his mate doesn't seem safe at all, so Mitch has to work hard to win him over. The beginning with their talks, the getting to know each other is really good. But the second half is mediocre at best. The dialogues nearly vanish, the storyline as well. There is only sex in the kitchen, the bedroom, the bathroom and the laundry room - just to start over again. That is not only boring but also too much. And good scenes like meeting the family and the new pack are barely sketched between all the sex. A pity, because the story began really promising. Another plus is that there is no totally absurd threat from the past to spice things up. ;-)

The book is nice but not more and until now the author really isn't known for her shifter stories. So don't be surprised that this story is not as good as some of her other love stories.

Kurzbeschreibung Exiled by his pack as a teen, Omega wolf Simon Moorehead learns to bury his gentle nature in the interest of survival. When a hulking, rough-faced Alpha catches Simon on pack territory, he tries to escape what he's sure will be imminent death. But instead of killing him, the Alpha takes Simon home. A man of action, Mitch Grant uproots his life to support his brother in leading the Blue Mountain pack. Mitch lives on the periphery, quietly protecting everyone, but always alone. A mate is a dream come true for Mitch, and he won't let little things like Simon's rejections, attacks, and insults get in their way. With patience, seduction, and genuine care, Mitch will ride out the storm while Simon slays his own ghosts and Mitch's loneliness. Approximately 35,000 words
