Von Sloan Parker : Breathe (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Breathe (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. original plot, but would benefit from more depthVon ColeI enjoyed this book and read it in almost one go. Of course it was the set-up that caught my eye, the idea that two people could fall in love despite their past - a past in which one was responsible for the death of the other's partner. I was interested to see how this could be resolved.All in all it came down to instant attraction to start with, and to genuine like once Jay and Linc got to know each other better. Like some

other readers I found it hard to believe how quickly Jay came round to forgive Linc. I would have thought he'd hesitate a little longer before he got involved with him after hating him for so long. I was also surprised that the author let the opportunity pass to create more tension after Linc found all the 'proof' for Jay's 'betrayal. Linc did feel betrayed and annoyed for a second, but then pretty much brushed the whole thing aside. The constant toing-and-froing between the two MCs, each changing their mind every five minutes what to do, and often after they had just declared the opposite, was a bit too much for me, although I loved the angst between. The overuse of: 'he didn't deserve it' or 'he deserved the truth', 'he owed him the truth at least' and others alike, got a bit repetitive after a while. I would have liked a little bit more depth instead. All in all it was a pleasant read with some surprising twists, and I don't regret buying it.

Kurzbeschreibung Two men, who have every reason in the world to run from what they're feeling, find they cannot deny themselves a chance at a love like this. Lincoln McCaw lost everything after he caused a fatal accident. A year later, he's drowning the guilt and despair in whiskey, but he needs to move on. His sister and her kids are counting on him. Then he meets a man who ignites a passion Lincoln thought he'd never find. Too bad one night is all they can have together. Now he needs to figure out how to turn away from the only person who makes him feel alive before whoever is sending him threats decides Lincoln needs to suffer more than he already has. Jay Miller is surrounded by grief and misery until he finally gives in to all those years of sexual fantasies about being with another guy. Realizing he's ended up in the arms of the man who caused his wife's accident, he tries to pull away. But how can he give up a friendship he needs more than anything a friendship and a love that could save him? He may not have time to make the choice before someone else destroys it all. Length: 101,781 words. This book contains explicit sexual content and graphic language. This is a re-release of a previously published work. It combines the original novel BREATHE with the separately released epilogue WHAT YOU DO TO ME.

ber den Autor und weitere Mitwirkende Sloan Parker writes passionate, dramatic stories about two men (or more) falling in love. She enjoys writing in the fictional world because in fiction you can be anything, do anything even fall in love for the first time over and over again. Sloan lives in Ohio with her partner and their neurotic cats. Her greatest moments in life are spent with her family, her friends, and her characters. To contact Sloan, find out about her other books that are available for purchase, and read free stories, visit: www.sloanparker.com. If you'd like to be notified of new releases and get exclusive sneak peeks, be sure to sign up to receive Sloan Parker's newsletter via her website.
