Von Julia Quinn : Brighter Than the Sun (Lyndon Sisters) before purchasing it in order to gage whether or not it would be worth my time, and all praised Brighter Than the Sun (Lyndon Sisters):

Kundenrezensionen Hilfreichste Kundenrezensionen 4 von 4 Kunden fanden die folgende Rezension hilfreich. Fun historical romance Von Helen Hancox Julia Quinn's books are all very appealing - she has great characters whose

verbal fencing is generally very amusing. You don't read her books for historical accuracy - this is certainly not her strong point - but they are fun and enjoyable reading. "Brighter Than The Sun", like her other books, has a feisty heroine, Ellie Lyndon, who finds herself in a marriage of convenience with handsome rake Charles Wycombe, Earl of Billington. But can she reform him and can they learn to live together happily despite some strange occurrences that seem to be causing them danger. The overall plot of this book is pretty thin - the marriage of convenience turning to love, and various acts of sabotage against both Ellie and Charles - but that's not really the point of the book. Julia Quinn seems to delight in writing amusing dialogue between her characters and this book feels almost as if it's entirely made up of conversation; there's very little description, we learn about most things through our characters' words. Of course they're speaking in a 21st century voice most of the time, no Georgette Heyer-esque Regency accuracy here. Still, it's fun to read and both characters are very charming, Charles particularly. I think the earlier Bridgerton stories are probably better than this (which is, I believe, an older novel reprinted) but this is still an enjoyable read for a lazy afternoon.

Von Kindle Customer then this is the book for you. I usually love Ms. Quinn's books. This one was well written and witty. The only problem is that through the many incredibly stupid "mishaps" that move the plot along, all the two main characters do is argue, bicker, argue and fight. I read to escape this sort of childish bickering. Also, these characters behaved completely wrong for the genre. The book had some very bright moments, but overall, it gave me a sunburn.

Von Jesse Petersen Poor Eleanor. She marries a man she hardly knows to escape a stepmother she's bound to hate. Then she falls madly in love with him but circumstance after ridiculous, madcap circumstance keep them from consummating the marriage. This is a fun read!

Kurzbeschreibung When Charles Wycombe, the dashing and incorrigible Earl of Billington, toppled out of a tree and landed at Ellie's feet, neither suspected that such an inauspicious meeting would lead to marriage. But Charles must find a bride before his thirtieth birthday or he'll lose his fortune. And Ellie needs a husband or her father's odious fiancé will choose one for her. And so they agree to wed, even though their match appears to have been made somewhere hotter than heaven ... Ellie never dreamed she'd marry a stranger, especially one with such a devastating combination of rakish charm and debonair wit. She tries to keep him at arm's length, at least until she discovers the man beneath the handsome surface. But Charles can be quite persuasive -- even tender -- when he puts his mind to it, and Ellie finds herself slipping under his seductive spell. And as one kiss leads to another, this unlikely pair discovers that their marriage is not so inconvenient after all ... and just might lead to love.
