Von Jennifer Ann : Brooklyn Rockstar (Kendall Family Book 1) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Brooklyn Rockstar (Kendall Family Book 1) (English Edition):

overprotective brothers. She moved in with her friend Sharlo. (a half British heiress, she met and clicked with online.) First adventure of her new life: go see Charlie Walker in concert. Who??? Evelyn thinks? He's only the hottest rockstar Brooklyn has ever produced, but Evelyn has kinda been living under a rock out there in the Midwest. But looking at his YouTube video - phew!!! Hottie McRockstar is just her kind of guy. Poor Charlie. He could now be touring the world with his band, but somehow his drummer is missing and the band decided to take a break from being a band. And now Charlie needs to prove himself as a solo act. Easier said than done. Especially when the studio guys are saying that his songs suck and when his existent and non-existent sex life is constantly landing him in the news! Time to tone things down a bit... The first time their eyes meet at that little club concert, they're both immediately attracted to each other. But his fame and the paparazzi and social media crazy fans and an idiot reporter and the missing band-mate are standing in the way of an immediate happily ever after.... **WHAT WILL HAPPEN TO CHARLIE EVELYN???? WILL THE TWO OF THEM BE ABLE TO FIGHT THROUGH ALL THESE OBSTACLES??? WILL THERE BE A HEA??? WILL EVERYBODY SURVIVE? _____ ROCKSTAR ROMANCE? YESSSS!** Total fangirl! And this Rockstar - phew!!! CHARLIE WALKER is such an amazing guy... sexy, adorable, talented, sad.... He's your typical rockstar with all the groupies and rumors about even more groupies and threesomes and alcohol... But he's also this lonely, sad guy, who's missing his drummer - but the drummer is still kind of in his head, with bad advice. Like the little devil on his shoulder. And beautiful, wholesome farm-girl Evelyn. She's just the girl this city boy needs to settle down with. I loved every second of their story. We have very sexy romantic moments.... And lots of frustrating and sad and interesting and funny and very suspensy moments. This really was an amazing rockstar romance!!! I would've liked a tiny little bit more Rockstar though - a bit more singing on stage or something like that ... Can't wait to read book #2 about Evelyn's brother.... 3 little things I didn't like.... why did Evelyn want to go to NY? She doesn't have a plan for life... no college plans, no dream-job. Going to NY with only waitressing job is kinda stupid in my opinion. I would've loved her even more if there would've been some life-long dream of becoming... no idea - a painter, violinist, cupcake baker! Drummer Danny's little lines in Charlie's head were stupid. I would've edited them out of the book, just like I would've edited out the stupid inner goddess in the Fifty Shades books! We don't need to hear Danny's words to know that he probably was an idiot, that could've been explained in a few other sentences. Also Evelyn's always talking about how long ago her last sexual encounter was - how many years ago she did this and that with a guy - bla bla - sooo many years ago. That girl is 22 years old!!!! But she's talking about sex as if she had 15 years of experience ... that was a bit too much for me. But that's it - the rest was really great!!! **BROOKLYN ROCKSTAR** was an amazingly sexy exciting Rockstar - Romance! About two lonely people looking for that something that's been missing in their lives and finding their HEA with each other.

Kurzbeschreibung Sexy bad boy Charlie Walker had everything he could ever want as a rockstar: a platinum album, a cushioned bank account, and an endless supply of groupies desperate to have him. But things changed when the band's drummer went missing, forcing Charlie to go it alone and question if he truly has what it takes to succeed in the business. Small-town girl Evelyn Kendall has just arrived in Brooklyn Heights. With a new job and her best friend as a roommate, she's ready for an epic adventure free from her family's constant supervision. She's not prepared for the muscle-bound, tattooed star who appears out of nowhere and rocks her world. When Charlie locks gazes with the freckled brunette at his first solo gig, he falls hard and fast for reasons he can't explain. Determined to keep Evelyn in his life, he's ready to change his ways, even if they run blood deep. But will their instant attraction be enough to weather the storm brought on by the perils of fame, Charlie's secrets, and Evelyn's overly protective brothers? **Warning:** This book is filled with sexy bad boys and strong leading ladies. If you're looking for an engaging read with panty-melting love scenes, then you've come to the right place. **Kurzbeschreibung** Sexy bad boy Charlie Walker had everything he could ever want as a rockstar: a platinum album, a cushioned bank account, and an endless supply of groupies desperate to have him. concert.
