not typical shifter romance story. But it is ohhh sooo worth to read. Funny dialogues, steamy sequences, a predictable grizzly bear shifter as leading male and a strong heroine come on have you ever heard of a sabletooth bunny! So yeah I really mean strong. I have to admit even I didn't think Miranda (our heroine) would have it in her, but I really liked the turnout. Looking forward to read more of this series. Plus if there is something as a were-sabletoothbunny then I really need to know what the villain is. 2 von 2 Kunden fanden die folgende Rezension hilfreich. funny und steaming hot Von Hanna Rosenstahl if you are looking for a really well written und steamy hot story, you should definitely buy this one. he is a wer-bear und a grumpy, sexy guy with a sweet addiction. she is a cute little rabbit, or so i thought in the beginning were-saber-rabbit!) who works as a spy and protects the bear. the dialog between the two ist awesome and had to grin so many times. in the beginning the guy thought, that he would never love a simple woodland creature like a simple rabbit. but as she hops in front of him with a biiig cake, the game is on... 1 von 1 Kunden fanden die folgende Rezension hilfreich. Burda-Niveau Von Tricia Sehr seichte und nicht besonders gut geschriebene Story -- der Titel sagt eigentlich eh schon alles, es geht hauptsächlich um Sexszenen und fr diese wurde ein Hintergrund geschaffen. Kein besonders glaubwrdiges Universum oder interessante Figuren. Ich hatte eigentlich auf eine paranormal Romance gehofft da das Buch aufgrund vergangener Kufe empfohlen wurde. Das war aber eindeutig ein Fehlkauf. Ja, es gibt ein bisschen witty banter zwischen den zwei Hauptfiguren wenn man so will, aber ein paar halblustige Dialoge machen noch lange keine gutes Buch.

Kurzbeschreibung Warning: A sense of humor is required for this tongue in cheek, paranormal romance. It contains coarse language and explicit sexual situation meant for open minded adults. Please note, that while no bunnies were permanently harmed in the making of this story, the prognosis isn't so good for the pie. What's a poor bear to do when all he wants is some sweet, bunny pie? Bears and bunnies aren't supposed to mix, or that's what Chase keeps telling himself when his bouncy new neighbor won't stay out of his business--and his mind. However, the more he gets to know his overly perky neighbor, the more he craves her, a desire worse than his addiction to honey and pie. Miranda's on a mission for the Furry United Coalition, and it involves secretly guarding one grumpy ol' bear. Staying focused on the job isn't easy when all she can think about is turning his frown upside down, a task made harder when she gets a glimpse of his passion. When she hears about his theory on woodland creatures and predators not mixing, she thinks all is lost, but she didn't count on a bear's curious nature--and possessive need. When an evil force abducts Chase, Miranda unleashes her bunny in order to save him, but the revelation of her shifter side puts her in danger. Is one ornery bear enough to save her from a mad scientist? And if he does, can a bear forget her woodland creature status long enough to love her and make her his mate? I possess a twisted imagination and a sarcastic sense of humor which tends to heavily influence my stories. I enjoy strong alpha male heroes, and shifters. Lots of big, overprotective shifters that need a strong woman to temper their wild side--and unleash the lover. I love to write, and while I don't always know what my mind is going to come up with next, I can promise it will be fun, probably humorous and most of all romantic, because I love a happily ever after.
