Sexy, sweet and all the things in betweenVon LittleDarling\*I was gifted a copy in exchange for a honest review.I don't even know where to start. I'm kinda running out of stars when it comes to "Cannon" by Sabrina Paige, since this one is even better than the two previous ones."Cannon" by Sabrina Paige is loaded with emotion, heart-ache and sexiness. It's the perfect mix that just had me wanting more, not allowing me to stop until I finished the book. And now I feel sad, cause

it's over. Both the plot and the characters are amazing. I enjoy this series so much and am amazed how Sabrina Paige manages to keep it fresh and original. It's not an easy task in this genre and yet, Sabrina Paige seems to master it effortlessly. In "Cannon" we meet Addy, a young girl whose been in the spotlight for years as a country singer. Between her uptight mother and stepfather and the label she signed with, she's constantly watched and reprimanded. To keep her in check, they hire a new bodyguard/babysitter to look after her. And he's no other than her stepbrother Hendrix, the guy she's been in love with since she first met him. The guy that broke her heart and left her behind. But now five years later he's back and with it all the feelings he had bottled up for her. Working through their unresolved issues and the pain they caused each other, as well as controlling the all-consuming need to allow their true feelings to surface, they have their hands full. The relationship between them is nothing less than turbulent, full of heart-ache and hurt, but also passion, love and acceptance. And it's quite a journey to learn if they are able to let go of the hurt and all the things from the past and present that stand between them in order to be truly happy. I adored the hell out of Addy. Despite her fame and fortune, she's humble, down-to-earth and incredibly sweet, unlike her witch of a mother. She works hard, despite having lost the passion for what she's doing, since it's all dictated by her label and her less-than-wonderful mother. Deep down she's just a girl who loves making music. The celebrity status is nothing she really cares about. I loved that she didn't just roll over and take everything her management and label dished out, that she voices her opinion and makes sure her voice is heard. She's strong, yet allows herself to be vulnerable. And she's never more vulnerable than when it comes to Hendrix. Despite her feelings for him, she doesn't make it easy for him and I respected that. Although to be honest, I think I would have given in way quicker when it came to Hendrix. Hot, tattooed, ex-Marine with a big mouth and an devil-may-care attitude and the looks and equipment to go with it. Despite the demons that haunt him after his time in the Marines, he doesn't show any weakness. He's strong, opinionated and stubborn. Especially when it comes to Addy and winning her over. No matter how much he fights his attraction, how much he knows it's wrong, she's the one weakness that can bring him to his knees. He's fiercely protective and possessive and in that, incredibly sexy. Yet at the same time he's sensitive and caring. Addy and Hendrix together are a firework. The sexual tension between them and the sex so hot, it will melt your Kindle. And the passion and love their share so beautiful and tender, it'll melt your heart.

Von Linda Addy ist eine bekannte Sngerin und die Stiefschwester von Hendrix Cannon Cole. Zuerst konnten sich beide nicht leiden, dann schlug die Abneigung in Freundschaft um und dann waren sie irgendwie mehr als das. Dann verlie Hendrix sie ohne ein Wort einfach so und brach Addy damit das Herz. Jetzt ist er als ihr neuer Bodyguard zurck und das Gefhlschaos beginnt von neuem. Addy und Hendrix sind einfach nur groartig zusammen. Beide lieben sich, haben aber Angst es dem jeweils anderen zu sagen. Addy ist nett, humorvoll und leidet sehr unter ihrer Geld geilen Mutter. Hendrix war ihre einzige richtige Bezugsperson als sie noch jnger waren und es brach einem das Herz als er sie verlassen hat. Aber es war auch nicht einfach fr Hendrix und ich konnte seine Beweggrnde sehr gut nachvollziehen. Er ging weil er mit seinen Gefhlen fr sie nicht klar kam und weil er ihre Karriere nicht gefhrden wollte. Er dachte er verdient sie nicht und denkt es immer noch. Nachdem er von seinem Marinedienst aus Afghanistan wiederkam war er nicht mehr derselbe. Die Handlung war spannend, voller Action und voller Gefhle. Die erotischen Szenen waren zwar nichts weltbewegendes, aber dennoch sehr unterhaltsam. Ich htte gerne mehr ber die Nebenfiguren erfahren, vor allem ber Addys Schwester. Alles in allem war die Geschichte eine runde Sache. Unntiges Drama wurde vermieden und das Ende fand ich einfach nur wundersch, vor allem als Addy Hendrix verteidigt hat!!

Hendrix haut nach 2 Jahren zu den Marines ab, weil er Angst von seinen Gefhlen zu Addy hat. Nach 7 Jahren treffen sie sich also wieder. Hendrix wird Addys Bodyguard und das findet sie überhaupt nicht toll, weil Hendrix so gemein war bevor er zu den Marines abgehauen ist. Nach einigem Hin und Her raufen sie sich dann zusammen. Das Ganze wird mit kurzen Rckblenden erzht. Ich mag normalerweise keine Rckblenden, das langweilt mich immer zu Tode. Das Schne hier war, dass die Rckblenden so kurz waren, dass es nicht genervt hat. Trotzdem hat man einen Eindruck bekommen wie es um die Gefhle der beiden steht. Mir hat die Story recht gut gefallen. Vor allem die Lsung aus der ganzen Stepbrother-Misere. Hier wird im brigen nicht halb so ein Drama daraus gemacht wie in anderen Stepbrother Bchern. Bookboyfriend-Potential: 65%

Kurzbeschreibung Hendrix "Cannon" Cole is a major prick. That's prick with a capital P. He's nicknamed "Cannon" because of the weapon between his legs. He's damaged, dirty, and demanding. A sexy former Marine. My stepbrother. I used to hate him. Then I loved him. Then I hated him again. Our history is complicated. But my family thinks he's the perfect solution to my problem. A scandal has thrown me into the limelight, and I'll be screwed if I don't stay on the straight and narrow. Now, Hendrix's new job is making sure I behave. What I didn't count on was being stuck spending every waking moment with him. The heat between us is explosive. But if he fires that cannon, we'll both get burned. \*\*This is a standalone novel with a HEA\*\*
