I love the humor, the love story, the courage, the whole story!12 von 12 Kunden fanden die folgende Rezension hilfreich. Fortsetzung von "Slave To Sensation" und "Visions Of Heat"Von SabrinaBrenna Kincaid, das Entfhrungsoffer aus dem ersten Band ("Slave To Sensation") ist einigerman wieder genesen, sprt jedoch, dass irgendetwas in ihrem Kopf nicht stimmt. Sie hat gewaltsame Trume, die dann auch noch wahr werden. Brennass Brder, deren Beschztzerinstinkte seit ihrer Entfhrung

sowieso berstunden machen, lassen die Schwester kaum mehr aus den Augen, was Brenna erst recht in Rage versetzt. Der einzige, der sie nach wie vor normal behandelt, ist Judd Lauren, abtrünniger Psy und Auenseiter im Wolfsrudel. Judd, der eigentlich keine Emotionen haben sollte und darf, kann Brenna nichts abschlagen. Zu sehr fñhlt er sich schuldig, da ein Psy, noch dazu mit denselben Talenten wie er selbst, Brennass Leben zur Hille machte. Und so gelingt es Brenna unmerklich, Judds harte Schale zu durchdringen. Doch Judds Konditionierung ist derart, dass sein Talent sich gegen ihn wendet, umso mehr die beiden einander nher kommen. Es scheint nur eine Frage der Zeit zu sein, bis entweder sein Talent ausbricht und ungeahnte Schden anrichtet, oder sein Gehirn der Berbeanspruchung nicht mehr standhlt. Judd und Brennass Beziehung ist wie ein Tanz auf dem Vulkan, ein falscher Schritt, ein falscher Gedanke und alles knnte zu Ende sein. Dies wird sehr anschaulich und nachvollziehbar geschildert, dazu kommen noch ein mrderischer Wolf und neue Intrigen des Psy-Rates. Auch im dritten Band gelingt es Nalini Singh sehr gut, ihrer Zukunftswelt, in der Telepathen, Gestaltwandler und Menschen um die Vormachtstellung kmpfen, neue Facetten zu geben, die die bereits begonnenen Erzhlstrnge fortsetzen, bzw. ergnzen. Whrend es in den ersten beiden Bchern um das DarkRiver Leopardenrudel ging, stehen diesmal deren Verbndete, die SnowDancer Wlfe im Vordergrund. Dazu gibt es neue Erkenntnisse um die Nah- und Fernziele des Psy-Rates, die hoffen lassen, dass noch viele Bnde in dieser interessanten Serie folgen.

Von Helen Hancox
I really loved "Slave To Sensation", the first book in this series (Psy/Changeling) by Nalini Singh. However the follow-up, "Visions Of Heat", although a good read wasn't at the same level. However the teaser chapter at the end of that book for the third in the series, "Caressed By Ice", made it look interesting. And indeed it was, Nalini Singh is definitely back to form, in fact in some ways this book is even better. The first two books have focussed on female protagonists who are members of the Psy race, a kind-of Mr Spock emotionless but permanently in a Mind Meld group of superhumans. They are permanently attached to the PsyNet and are told that if they leave the Net they will die. However in the first two books our heroines discover this isn't entirely true, that functioning of the PsyNet in 'Silence' often covers up great crimes and that they are able to leave - with the help of their changeling mates, of course. "Caressed by Ice" took us in a slightly different direction because the heroine, Brenna, is one of the wolves and the hero, Judd Lauren, is a Psy. He and some members of his family were introduced to us in the first book and we learned more about them in the second. However in this book we really begin to understand about Judd and his role within the Psy - that of assassin. Judd has very special Psy powers which mean that if he ever breaks Silence he will probably kill those around him at the first moment of any stress. Brenna is a damaged wolf after she was kidnapped and tortured in the previous book in the series and yet she finds something about Judd that calms her. Perhaps it's because he seems to be able to understand her fears about lasting effects from the attack - or perhaps there's more to it. And yet Brenna, as a wolf, needs emotion and closeness from Judd and yet for him it is fearsomely dangerous. How can this be resolved? There are some other underlying threads in this book, we learn a little more about Hawke the Alpha of the wolves, more about the Psy council and some of Judd's activities as he continues to work as an assassin for 'The Ghost'. However the major part of this book is about Judd and Brenna coming to understanding about each other, about their own problems and limitations, about the cultural differences between Psy and Wolves and more. It's always an enjoyable read with more depth to some of the side characters than in many of the other novels and is another excellent adventure in the world that Nalini Singh has created.

Kurzbeschreibung
The author of Shards of Hope and Shield of Winter presents a Psy/Changeling novel in which two people who know evil intimately must unlock the good within their icy hearts... As an Arrow, an elite soldier in the Psy Council ranks, Judd Lauren was forced to do terrible things in the name of his people. Now a defector, his dark abilities have made him the most deadly of assassins - cold, pitiless, unfeeling. Until he meets Brenna... Brenna Shane Kincaid was an innocent before she was abducted - and had her mind violated - by a serial killer. Her sense of evil runs so deep, she fears she could become a killer herself. Then the first dead body is found, victim of a familiar madness. Judd is her only hope, yet her sensual changeling side rebels against the inhuman chill of his personality, even as desire explodes between them. Shocking and raw, their passion is a danger that threatens not only their hearts, but their very lives... "The alpha author of paranormal romance." - Booklist
