That just sums up what I've experienced while reading "Carter". I am new in R.J. Lewis-Land and I am so grateful that I one-clicked this book two days ago. This is a heart-wrenching love story and I couldn't put my kindle away. I love deep and soulful characters who have to overcome something to be some one they never thought possible. I could relate to what Leah went through of course, but I also strongly felt for

Carter. Both are broken but together they've always been strong - as if they could fight off anything/anyone against them. You have to read for yourself, if they find a way to each other... I highly recommend this book to anyone who loves falling in love with fictional characters and those who own a box of tissues ;) (Already bought the second book as well) 0 von 0 Kunden fanden die folgende Rezension hilfreich. Musste bei 56% aufhören. Von Minelli Leider hat mir das Buch gar nicht gefallen und normalerweise hre ich nicht mitten drin auf. Es hat mich allerdings so genervt, dass ich das Ende gelesen habe und dann gestoppt habe. Offensichtlich gibt es mindestens noch einen weiteren Teil. Aber irgendwie kam ich nicht richtig rein in das Buch. Die Protagonisten haben mich genervt. Die Abhängigkeit von Leah fand ich anstrengend und ich bin der Meinung dass Carter wusste wie sie fühlt und sich trotzdem so verhalten hat wie er sich verhalten hat. Fazit: nichts für mich aber bestimmt finden andere das Buch toll.

Kurzbeschreibung***WARNING: This book contains SWEARING, SEX and MILD VIOLENCE that may offend.
***Childhood friends to lovers story. This is a story about a rising rock star and a love-struck girl. Leah: I was a fool in love. From the moment I saw him, Carter Matheson had always been it for me. I just wished he felt the same way. We grew up together in poverty, seeking solace in one another through our love for music. His voice swept me off my feet. He sang like an angel, making me forget for a little while that my unrequited love would destroy me. I thought I'd go to the ends of the earth for him. I thought my future along his side was engrained in stone. But when faced with a decision that would forever change our lives, I need to choose whose dreams to follow. Mine or his. BOOK 1 OF 2
