Great readVon Philomena(Cheekypee)This is the first book I've read by this author it certainly won't be the last.I gotta say I totally loved this book. Autumn is a fantastic main character. Although she has gone through a lot of headache she is an extremely strong character.Now Declan the male character.... Swoon:) he is certainly drool material. I couldn't have guessed how this book would end. I stayed up late last night as I had to finish it.This is a fantastic book that I'll highly

recommend. Received from author in return for honest review. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Chasing Serenity Book 1 Von MicUhhhh I liked this one a lot :) I love it when the relationship between the main characters is building up slowly but ohhhh sooooo sweetly ! It's this special tension that keeps you turning the pages in anticipation of the great get together well and while this tension is building up and the book and the storyline is good, then you will be right there and it is awesome to read this story. That's how it was for me. I liked Declan from the beginning and he has this special something about him which you want more and more....and then there are coming surprises and turns, which bring spice to the whole thing...that's great and I liked it a lot ! Autumn has her tragic history and Declan has his own and it's heart warming how they find together and even get through the stuff that is thrown their way. It's this big fighter heart that I loved in both of them and so go on and read this book...you will enjoy it !

Kurzbeschreibung I loved this book! The hero is a tatted up Irish rugby player who has traveled to the states to play for college. Like the heroine he has a tragic past and when Autumn and Declan meet sparks fly! Nice to read a book that is anything but predictable. Kele Moon, author of the Battered Hearts series This book explores emotional heartache, but on different levels. It's not just about romantic love, but about the love of family (and family takes on a whole new meaning. It encompasses friends, too). From disconnect to possible re-connect. From old scars that refuse to heal, to potential emotional mending. You'll feel it, deep. Maryse Black, Maryses Book Blog When I read the first book, Chasing Serenity, I had a bone deep knowing that Eden Butler was a special author. Her ability to pull you into her stories - the world that she creates, the characters that she molds, and her ability to immerse you into the emotions of those characters is nothing short of spectacular. Mean Girls Luv Books Graduate student Autumn McShane has had her share of heartbreak. She's been abandoned and betrayed and she lost her beloved mother in a tragic car accident five months ago. That loss damaged her body and fractured her spirit but she's learning to recover, until her ex-boyfriend returns to town, intent on making her life miserable. Declan Fraser hates her ex as much as Autumn does, but the last thing she needs is to put her trust in the hands of another man, especially one like Declan: his hard body and lulling Irish accent makes more than a few girls weak-kneed. The talented rugby player is rude and sarcastic, with tattooed, muscular arms and a cocky attitude, but he's the only one who can help Autumn win an ill-advised bet that, if lost, could cost her more than she's willing to pay. The reluctant alliance between Declan and Autumn stirs up cravings she doesn't want to admit, but Declan is a hard man to resist. Just when Autumn starts letting down her carefully constructed walls to the sexy bad boy, he betrays her when she needs him most. Autumn suspects Declan has secrets, and she is determined to uncover what drove him away from her, even if that means fraternizing with the enemy. But will the truth return Declan to her arms or add to the scars on her heart? Kurzbeschreibung I loved this book! This could explain her affinity for rule breaking and rum. Her debut novel, a New Adult, Contemporary (no cliffie) Romance, "Chasing Serenity" launched October 2013. When she's not writing or wondering about her possibly Jack Sparrowesque ancestor, Eden edits, reads and spends way too much time watching rugby, Doctor Who and New Orleans Saints football.
