Unhflische, gewaltbereite e sucht verlogenen, masochistischen KatzenmannVon MisatoDas wichtigste zuerst: Kauft euch dieses Buch auf keinen Fall! So einen Unsinn liest man echt uerst selten!Ab hier: "Spoiler"-alarm, wobei "to spoil" ja "verderben" heit, und dieses Buch kann gar nicht weiter verdorben werden, als es ohnehin schon ist...Die Hauptdarstellerin "Riley" ist unhflisch, redet die ganze Zeit nur dumm daher (und das wird nach Seite 20 schon echt nervig!) und schlg jeden, der ihr auf die Fe steigt. Pfefferspray, Elektroschock, Fuste, Tritte, alles was so geht. Und ihr mnlicher Gegenpart "Vox" rundet das ganze noch mit einer extra Portion Masochismus ab.Die Story ist dmlich in ihrer Vorhersehbarkeit. Da die Rasse zu der Vox gehrt - Katzen-Shifter - Inger lebt als gewhnliche Menschen, beit er sie beim ersten Mal Sex in den Nacken und "er und seine Katze bertragen einen Teil ihrer Essenz" an Riley, sodass diese spter auch zum Shifter wird. (Natrllich sagt er ihr das alles nicht, merkt sie bald von ganz allein...) Dabei trinkt er ihr kstliches Blut. Ja, richtig. Er trinkt dabei ihr kstliches Blut. Nein, er ist kein Vampir, aber ja er trinkt ihr kstliches Blut. So ein Unsinn! Des fteren flt die Story ber die Fantasie, dass die Katzenmner, die Riley riesen Brste sehen (kann man wohl nicht bersehen), sich vorstellen von ihren Brsten Milch zu schlabbern. Ja, ernsthaft. Die gehen reihenweise ab, bei dem Gedanken, dass sie an den Milchbrsten einen Frau saugen drfen. Vox meint an einer Stelle, dass er, wenn er sie geschwngert hat, wohl Konkurrenz zu seinen Babys an ihren Brsten sei. Sowas von kaputt. Einer der Darsteller heit "Lodar". Lodar? Wir Deutschen haben schon genug Fremdschmmomente mit einem gewissen "Loddar" erlebt, sodass dieser Name wie eine rote Karte hervorsteht, wann auch immer er genannt wird und eine einmalige Nennung wre schon zuviel. Ha, rote Karte! Ich Schelm... ;) - Ich knnte hier noch viele hnliche Beispiele nennen, aber das ist das Buch einfach nicht wert!!!Ich habe vor einiger Zeit schon mal ein Buch dieser Autorin gelesen, da ging es auch um irgend eines der Vlker, die auch in diesem Story-Universum operieren und ich meine auch die eine oder andere Erwhnung bzw. Anlehnung daran gelesen zu haben. Dieses Buch damals war eins der beklopptesten Bcher, die ich jemals gelesen hatte und es wurde daher nach 65% gelscht, weil es mir sonst das Gehirn gebraten htte. Da dies nun der erste Teil - "Sarafin Warriors Book 1" - einer neuen Reihe war und ich den Namen der Autorin tief, tief in meinem Hirn vergraben hatte, wurde mir leider dieser Albtraum zu teil. Ich werde mir jetzt einen groen Zettel schreiben, den ich mit Sekundenkleber an meinen Badspiegel hnge, der mich nie wieder vergessen lsst auf keinen Fall jemals wieder auch nur einen Cent fr ein Buch von "S.E. Smith" auszugeben. Dabei sterben einem Gehirnzellen ab!!!0 von 0 Kunden fanden die folgende Rezension hilfreich. KurzbeschreibungNew York Times and USA TODAY Bestselling author of Science Fiction, Urban Fantasy, and Paranormal Romance brings another action, adventure, and suspense-filled story to transport readers out of this world.Riley St. Claire has always followed her own rules. When she discovers her current employer is not as law abiding as she thought, she has to leave town in a hurry or end up buried with the dead guy she discovered. What she doesnt expect is to find herself being picked up by a passing trader from another world.As the ruling King of Sarafin, Vox dRojah, was expected to produce a son who would be joined in marriage with the first born daughter of the King of Valdier. The problem was Vox had no intentions of having any sons, at least not in the near future. He was quite happy with the wide selection of females he had at his disposal. When he is captured by a ruthless Valdier royal and sold to a mining operation the last thing he expected to find with his bride mate. Vox isnt sure which would be easier: fighting another war with the Valdier or capturing and holding onto the human female who is unlike anything he has ever encountered before. Now, he just needs to figure out a way to let her know he has chosen her as his Queen and he has every intention of keeping her by his side forever.PressestimmenRiley is the funniest, snappiest, grittiest herione in a book that I have read in a long time.Twin Sisters Rockin' Book s review: What do you get when you take one part Xena Princess Warrior, add one part Terminator and mix well with a Valley Girl? You get the one and only Riley St. Clare, an original from Denver Colorado, of course. In Choosing Riley, the first book in the Sarafin Warriors series by author S. E. Smith, you are introduced to Riley. She is an eccentric, lovable character that you will never forget! The ruling King of the Sarafin, Vox dRojah never stood a chance! While procuring crystals on a Valdier spaceport, Vox is taken prisoner and sent to work on a mining asteroid controlled by the Antrox. This is where the fun really starts! Riley is given the option to choose a male as a mate, but the ones she doesnt t will be used as food! What s a girl to do? Why choose all five of course because Grandma Pearl didn t raise a fool. One of Riley s five perspective mates just happens to be Vox and two of his warriors, let the training begin! Sparks fly and humor flows as Riley and Vox clash."Night Owl s: This

delightful science fiction paranormal romance is a very entertaining introduction to a new series. The combination of futuristic concepts with the very pragmatic heroine is a wonderful combination, especially since she is so adept at confounding beings from more advanced races. The weird and wonderful situation she finds herself in is both frightening and a tribute to her strong character, as she finds a way to somehow alter circumstances to benefit herself. The remarkable events that allow her to both capture the hearts of the very alien males she is forced into company with, her less than savory habits (ahem, including kleptomania, lol) which nonetheless come in handy, as does the rather capacious bag that is included in her assets. This is a delightfully tongue-in-cheek science fiction story that offers a different take on many of the tabloid conventions ascribed to interactions between Earth's inhabitants and beings from other galaxies and one can't help cheering for the heroine, snickering at the befuddled males, and breathlessly waiting for the next exciting adventure. I look forward to many more great stories in this universe!

Choosing Riley by S.E. Smith is Book 1 in the Sarafin Warriors series and centers around Riley St. Claire, a feisty bail bondsman in Denver who gets kidnapped by aliens and is forced to choose a male from a selection of beings forced to work in the mines. Causing much consternation, Riley chooses five! Little does she realize, she has chosen Vox d'Rojah, a couple of his crew, and two other aliens. As ruling king of the Sarafin, Vox is used to being obeyed, and when the female he immediately identifies as his mate defies him, he is shocked in more ways than one. Can a cat-shifter and a decidedly determined human female come to an understanding both can agree to? Only if they can survive long enough to find out and that doesn't take into account the others who are trying to capture or destroy them."..".an imagination that just won't quit." - Michele Callahan, Author of the Time Walker series.."an imagination that just won't quit."--Michele Callahan, Author of the Time Walker series
