Von M. Never : Claimed (Decadence After Dark Book 2) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Claimed (Decadence After Dark Book 2) (English Edition):

Von Cassandra Another 5 million brilliant stars! Holy freaking, Kayne and Ellie had me captivated once again! The second book in the Decadence After Dark series comes with a warning as well, and I can only recommend to read it carefully. It's hot and sensual, but there also some scenes

and especially one part in the book that could trigger something for some. It's a year after Owned ended, after Kayne's mission ended and his life turned upside down and he lost all sense to live. Ellie left him for good without him being able to explain what happened. Not everything that happened during her captivity was played. But he wishes once more that they could have explored that side of him in a safe and consensual environment. It's at a time when he hits the bottom and with the help of his best friend, Jett, that he knew he will fight for what's his. After a year, Ellie has rearranged her life...new island, new school, new friends. But still, she can't forget the one man she tries so hard to forget. Forget what he did to her. Never wanting to be owned again. Yet, she questions her feelings and why she can't forget Kayne. When Jett appears on her doorstep with an offer, to meet on neutral ground, she doesn't have to think twice. And if only it means to find closure. On the beautiful island of Bora Bora, both start to realise that the feelings are still strong. And when both let go of insecurities and walls start cracking, they discover that the hotness, the chemistry and the kink are still burning high. But is Ellie ready to be Owned and Claimed by Kayne? And what is going on with that lingering threat? A threat that shortens their timeout and their life. It's then that something real bad happens that might be too much for some. But it's part of their story and influences their relationship. For all those who fell in love with Jett in Owned, you will love him even more now...or a little less. But he proves to be the friend that Kayne needs as he takes no s***. I do hope he gets his own book because his life takes such a fun turn and I would love to see that happen. It really is a must read.

Kurzbeschreibung With one look he consumed me. With one touch he marked me. With one kiss he owned me. With one whisper he claimed me. "No matter where you go or who you're with, you'll always be mine." Ellie Stevens thought she had moved on from the domineering man who abducted her. Now living in Hawaii and following her dreams, no one is going to keep her down. But things aren't always as they seem. Kayne Rivers reluctantly let Ellie go, but just because she's gone now, doesn't mean she'll be gone forever. She is his, and he won't stop until he's reclaimed her as his own. Claimed is a dark erotic romance. Please pay close attention to the use of the words dark, erotic, and romance. It has intense sexual situations, a Master/slave relationship, mild abuse and some violence. Reader discretion is advised. Kurzbeschreibung With one look he consumed me. With one touch he marked me.
