Von Terah Edun : Courtlight Series Boxed Set (Books 1, 2, 3) (English Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Courtlight Series Boxed Set (Books 1, 2, 3) (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. Waste of time Von Kindle-Kunde The first book was promising as everybody else has already mentioned, after that it declines and the story is too confusing and complex in defeating enemies while finding surprisingly alive family members. I wish I read other comments before wasting my time and building up expectations - I am continuously clueless and the main character. Is her family a friend or a foe? Is the Prince truly hers despite stabbing her in the back continuously with his behaviour and actions? What about the Dragoness? What are the true powers of the girl except enhancing? Just too boring.... 0 von 0 Kunden fanden die folgende Rezension hilfreich. Not captivating Von wurmi The books couldn't really captivate me, the structure is too confuse, and you don't want to switch to the next chapter. And after a while it

starts to get boring as well, not my kind of storytelling. 1 von 1 Kunden fanden die folgende Rezension hilfreich. Good story, good style, but gets confusing. Von Hoener, Birgit To summarise the contents, young girl growing up in a medieval world as a poor orphan in a village is discovered to have magical abilities and taken to the emperor's court to learn how to become a companion and find a patron; she becomes friends with the emperor's heir and together they discover and spoil plots toward the empire. This is a series of several books, of which I have a boxed set of the first 3 volumes. I loved the first one, thought the second one was just a repetition with different settings and found the 3rd one very confusing. The first book described the girl's training at court, the intrigues, how she meets the heir and discovers his magic has been blocked off (and of course rectifies it): this all written in a fluent, humorous style that made me chuckle - it's a bit the typical country girl meets big city, funny as she puts both her feet in regularly, is not used to intrigues at court and a bit clumsy at times. I really enjoyed this one, with loveable protagonists and lots of surprising turns in the storyline to keep it interesting. The second books just seemed to repeat the patterns of the first one, slightly different settings, slightly different enemies, but more predictable and not as enjoyable as I found the first one. In the third one, the story continues with more characters involved, and enemies becoming allies becoming enemies again - at this stage I got too confused with the plot and who actually worked with or against whom. I still liked the narration style in all three of them, the depth of the characters and the general storyline, and I do not mind being held in suspense as the reader, but in the third book I really lost track of what was going on, who was at war with whom, etc - if the author wanted to convey how lost little Ciardis must have felt, she/he (?) was successful. I am in two minds as to whether I would like to get the rest of this series, but I think I will, I am too curious to find out what is going on there!

Kurzbeschreibung Did you know the second boxed set is on sale today? - terahedun.com/steal The fantasy series that every fan of Throne of Glass and the Selection series needs to read! This three-novel boxed set follows the adventures of Ciardis Weathervane, a girl with no future, and Sebastian Algardis, the prince heir she loves. Ciardis and Sebastian were never meant to break the chains binding his powers or upend the imperial courts, now they're ready to shatter an empire. This boxed set contains the first three books in the Courtlight series. Sworn To Raise 17-year-old Ciardis had grown up in poverty. Now chosen for a position at court, she travels across the empire to begin a new life. To survive, she'll need to master intrigue, befriend a crown prince, and learn to control magical abilities she never knew existed. Sworn To Transfer Just when Ciardis becomes a companion trainee and saved the prince heir's tenuous claim to the throne, humans begin to die in gruesome deaths. With enemies closing in ranks, Ciardis can't afford to have her loyalty to court and crown called into question. Sworn To Conflict After fighting for the living dead and winning, Ciardis discovers that taking on an assassin was the least of her problems. Now she not only is facing a war in the North, but she needs to decide where she stands in the midst of competing sides: family or empire. A set of free fantasy books for lovers of spellbinding romantic adventure and wonderfully crafted worlds. Scroll up and download!
