der "Brides-of-the-Kindred"-Reihe Von Vio Als sogenannter "Sndenesser" ist der Kindred-Kommandant Stavros Rii dazu verdammt, den Schmerz anderer zu fhlen - und eines frhen Todes zu sterben. Da die auerirdischen Kindred auf der Erde unerwnscht sind, wird er whrend seines Aufenthaltes auf der Erde von der toughen Polizistin Charlotte "Charlie" Sayers verhaftet. Stavros gelingt es, sich zu befreien, als Charlotte, von berwltigenden Menstruationschmerzen gequilt, zusammenbricht. Weil er nicht versteht, was mit ihr los ist, entfhrt er sie kurzerhand auf das um die Erde kreisendes Kindred-Mutterschiff, damit ihr dort medizinisch geholfen wird. Auf dem Kindred-Mutterschiff erfhrt Charlie, dass die Erde in hchster Gefahr ist. Sie kann nur gerettet werden, wenn die Kindred ein einzigartiges Artefakt erhalten. Dieses befindet sich auf einem Planeten, auf welchem Paare ihre Beziehungsprobleme lsen sollen. Also reisen Stavros und Charlie als angeblich hilfeschuchendes, zerstrittenes Prchen inkognito auf den Planeten, um dort das Artefakt zu stehlen. Die Mission verlufft allerdings nicht so einfach, wie angenommen. Um an das Artefakt zu gelangen, mssen Charlie und Stavros allerlei intime Situationen bewltigen, sodass sie sich unweigerlich nher kommen. Wie jeder Teil der Kindred-Reihe ist auch dieser unterhaltsam geschrieben und enthlt eine Mischung aus Action, Erotik und Spannung. Wie in jedem Teil ist das Prchen auch in diesem durch uere Umstnde zu sexuellen Handlungen gezwungen, was ich immer wieder als einfallslos kritisiere. Was mir hingegen immer gut gefllt, ist, dass wir auch hier wieder erfahren, wie es mit den Protagonisten aus den frheren Bnden weitergeht und das es einen Ausblick auf das jeweils nchste Buch gibt. 2 von 3 Kunden fanden die folgende Rezension hilfreich. Another great book by Evangeline Anderson! Von AlexBI really love that series. This is the 13th installment in the Brides of the Kindred series written by Evangeline Anderson and I read every single one of them. This book is about Stavros, a blood Kindred who belongs to the "cursed" ones. He has a mark on his back which makes him able to feel the physical pain of every other person around him. The cursed ones are known to die very young and are for that reason ( and other reasons) shunned by their own people. He meets Charlie on earth while he tries to get to a viewscreen, but has difficulties to do so since Kindred are banned from earth and earth has declared war on the Kindred. She captures him and wants to turn him in. Charlie is a very troubled, tough character, which I really liked. She is not naive and gets to business very fast. On the other hand she is very kind a compassionate. She has her reasons for being the way she is. This installment was very good and gave some glimpses on how the characters from the former books are doing. The author sends her characters into a kind of marriage counseling you have never seen before. She created a setting with so much details and fun facts - I really laughed out loud a few times. I won't tell anything more on the story (read for yourself ;-)), but this book was an amazing read. The only thing I didn't enjoy too much was the fact that the characters again had to have reason and were kind of forced into being together or even touch each other. I would love to read something where the characters genuinely like each other and touch each other just for that reason - and not because something horrible might happen if they don't. All in all it was a great read!

Kurzbeschreibung This is a plus length novel--over 153,000 words long. Commander Stavros Rii of the Kindred is a Sin Eater--thick black lines cover his back and neck causing him to feel the pain of others. It is a curse that threatens to shorten his life and makes him unable to bond with a female--not that he's ever found one he wants to bond with. Until he meets Charlie. Charlie Sayers is an agent with the Earth Protection Bureau-- and anti Kindred agency dedicated to ridding the world of the big aliens. Charlie joined the EPB out of a sense of patriotism but she has her own reasons to hate the Kindred. But she has bigger problems than the Kindred at the moment--the Enhanced Ones have come to Earth and they're planning to take over the planet, enslave the inhabitants and strip them of all emotion. Charlie can't have that so she agrees to go undercover with Stavros to find the Heart of Love--an artifact which can destroy their mutual enemy forever. On their dangerous and difficult mission, Charlie learns that going undercover with your worst enemy can rapidly turn him into your best friend...or your lover. Can she hold on to her beliefs and stay true to herself, or will she lose her heart to Stavros? And even if she gives in to desire, will Stav be able to bond her to him? Or are they Cursed to be apart forever? Kurzbeschreibung This is a plus length novel--over 153,000 words long.
