**Von Michelle Diener : Dark Horse (Class 5 Series Book 1) (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Dark Horse (Class 5 Series Book 1) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 3 Kunden fanden die folgende Rezension hilfreich. Alien pimps procure blondes for elfin johnsVon DIMIEine ebenso klischeehafte wie fantasielose und schablonenhaft heruntergerissene "Alien boy meets american girl"-Geschichte ohne jeglichen Unterhaltungswert. Leider nicht zu

empfehlen. 1 von 2 Kunden fanden die folgende Rezension hilfreich. Truly a Gem!! Von fan This has to be one of the best books I have read in a long time. Finally a heroine who is neither a doormat nor annoyingly super-feisty or, even worse, tsstl. I liked the way the relationship between Rose and Dav developed slowly. No insta luv, no melting into a puddle of goo. It was so refreshingly 'normal'. The book is so well written it kept me reading through the night. I just couldn't put it down. The interaction between Rose and Sazo was at times so hilarious it had me laughing out loud. The suspense had my toes curling. I loved it. 1 von 2 Kunden fanden die folgende Rezension hilfreich. A wonderful book.... Von Ina.... with strong, believable characters and an awesome story. It was recommended by Nalini Singh - when she says a book is good, it is. I just read the sequel, Darks Deeds, and it's just as good. Hope the next book in this series will be published soon.

Kurzbeschreibung Some secrets carry the weight of the world. Rose McKenzie may be far from Earth with no way back, but she's made a powerful ally--a fellow prisoner with whom she's formed a strong bond. Sazo's an artificial intelligence. He's saved her from captivity and torture, but he's also put her in the middle of a conflict, leaving Rose with her loyalties divided. Captain Dav Jallan doesn't know why he and his crew have stumbled across an almost legendary Class 5 battleship, but he's not going to complain. The only problem is, all its crew are dead, all except for one strange, new alien being. She calls herself Rose. She seems small and harmless, but less and less about her story is adding up, and Dav has a bad feeling his crew, and maybe even the four planets, are in jeopardy. The Class 5's owners, the Tecran, look set to start a war to get it back and Dav suspects Rose isn't the only alien being who survived what happened on the Class 5. And whatever else is out there is playing its own games. In this race for the truth, he's going to have to go against his leaders and trust the dark horse. Winner of a SFR Galaxy Award 2016 and the Prism Award 2016 for Best Futuristic. Kurzbeschreibung Some secrets carry the weight of the world.
