Ich liebe die Story von Jake und Abby - sehr spannend geschrieben, wie auch bei ihren anderen Bchern, konnte ich Dark Needs nicht mehr aus der Hand legen

:-)Klare Leseempfehlung!!

Kurzbeschreibung "A revenge kill is the best kind of kill. But a revenge kill for your family, with your woman's permission? That's borderline erotic." - Jake, The Dark Light of Day. Jake has come back home to Abby after violently disposing of the man who almost destroyed his family. With blood literally still on his hands, the only thing on Jake's mind is making up for lost time with the woman he loves. Dark Needs is a companion novella to The Dark Light of Day.
