Dark Room - an experience you don't want to miss! Otherwise known as: My first binge-read ever! Von NinaHooly Wow! Just wow! This book! Insanely erotic and a unique storyline with characters that pull your heartstrings. A collaboration that couldn't have worked out better. I loved this book! Once I'd opened it on my Kindle I was not able to put it down for a second. I'm not one to binge-read usually, and I really cannot remember ever doing it before this was definitely a first for me! While L. P. Dover has been one of my favorite authors for quite a while now, whose books I one-click without even reading the blurb, I have to admit that I have never read a book written by Heidi McLaughlin before. It's a deficit I plan to remedy and fast! What do you think when reading the blurb for DARK ROOM? It doesn't give much away and let me tell you: It is so much more than you are expecting! Don't put a genre-label on it too soon it won't fit! Society X is a strip club but if you are lucky enough to be chosen as an elite member, it has to offer a lot more. One of these perks is the Dark Room. Parker Ward and Mia Hudson both enter this society for different reasons but for both it becomes so much more than just living out a secret and forbidden fantasy. Parker and Mia have a chemistry that is off the charts! The heat is palpable and captivating and at least subliminally omnipresent and still, the anticipation and the slow build-up of it becoming more will keep you wanting more begging to go back into the Dark Room. Yes, it is a story about living out fantasies, but there is more to Parker and Mia than just that. These are sweet and loving characters who both have and are developing feelings for each other without even realizing. A fast-paced, fascinating, sizzling, yet surprisingly sweet read. There is so much more I want to say about this book, yet I can't, because it might spoil the book for you. The experience of the Dark Room is one which every romance lover should have themselves! Even if you think a sex club is not for you trust me, you won't regret it and crave for the Dark Room yourself and maybe think of renaming yourself Xena in the process!

They know each other for ages, since he is her brother's best friend. Mia just got out of a not so happy relationship and has the opportunity, to test a club for adult fun (LOL) called Society X. She has the need to step out of her ordinary and to risk something for once, for her crush on the older Parker is obviously one-sided. What she doesn't know is, that Parker, who is a silent investor for Society X, is about to test the so called Dark Room of the premises, too. It was hard for me to decide how to rate this book. The beginning was so ber-sexy with all this anonymous sex between strangers. I'd definitely rate the first third of Dark Room with 5 stars. Then, as the story progressed, it hit one of my biggest pet peeves head on: the best friend's younger sister is taboo. For me personally, this isn't logical at all and I honestly hate the fuzz and unnecessary drama the authors create out of it. So, after the thrill of the Dark Room was gone, this was a one-of-many, plain and ordinary older brother's best friend romance. Sigh. So from then on out, this was a 3 star read for me. But since the writing was amazing and I liked the characters very much, I will rate this book with a total of 3,5 stars. All in all, Dark Room is a shaky 3,5-star read and I can recommend it to everyone who likes sweet romance novels with an erotic undertone. My issues with the story were rather personal. *** Honest Review posted on CollectorOfBookboyfriends.com ***

Nach Kurzbeschreibung und Titel hatte ich eine Aneinanderreihung von XXX-Szenen erwartet. Das ist hier nicht der Fall, es gibt eine Handlung und noch dazu eine recht gute. Das ist eigentlich eine Friends-to-lovers Geschichte die zwar vorhersehbar ist, aber man ist gespannt wie und wann was passiert. Das Buch war wirklich gut geschrieben und ich werde sicher noch mehr von den Autoren lesen!

Kurzbeschreibung*~* STANDALONE NOVEL *~*The rules of Society X are simple . . . break them and you're out. Rule #1 - No names It doesn't matter if you want to know, it's forbidden. Rule #2 - No exchanging numbers It doesn't matter if you want to call, it's forbidden. Rule #3 - Everything is to remain strictly anonymous. It doesn't matter if you want to tell, it's forbidden. The Dark Room is the only place you can live out your fantasies and no one will ever know its you. For Parker, what started out as a business transaction has turned into an addiction. For Mia, it's been a chance to discover who she truly is. What happens in the dark will have you begging for more . . .
